**Re: Expedited Freedom of Information Act Request**

Dear Mr. Sun:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the Council on Environmental Quality (CEQ), 40 C.F.R. Part 1515, American Oversight makes the following request for records.

President Trump and multiple members of his Cabinet have consistently stated that passing the president's infrastructure plan is a high legislative priority for the administration.<sup>1</sup> And the administration has made clear that President Trump plans to travel around the country campaigning for passage of the infrastructure plan in advance of this fall's congressional elections.<sup>2</sup> The administration's infrastructure plan—which it labels a “Legislative Outline”—seeks a broad array of statutory changes and commits the administration to “working with the Congress” to implement the plan.<sup>3</sup> And the infrastructure plan includes proposals that would require CEQ to substantially revise National Environmental Policy Act (NEPA) regulations.<sup>4</sup> Additionally, the plan

would provide for an expansion of tolling on interstate highways and other changes<sup>5</sup> that could benefit a handful of specific private companies.<sup>6</sup>

American Oversight seeks records to determine what efforts the administration is making to implement this legislative priority which President Trump has determined to make an important issue for the 2018 congressional elections.

### **Requested Records**

American Oversight requests that CEQ produce the following within twenty business days and seeks expedited review of this request for the reasons identified below:

All records reflecting communications (including but not limited to emails, email attachments, text messages, chat or Slack messages, telephone call logs, calendar invitations/entries, meeting notices, meeting agendas, informational material, draft legislation, talking points, fact sheets, statements of principles, interim or final policy, legislative proposals, any handwritten or electronic notes taken during any responsive communications, summaries of any responsive communications, or other materials) between CEQ and any representative of any of the following entities:

1. CDM Smith (cdmsmith.com)
2. Cintra/Ferrovial (cintra.us, ferrovial.com)
3. DBI Services (dbiservices.com)
4. IFM Investors (ifminvestors.com)
5. Macquarie Group (macquarie.com)
6. Transurban Group (transurban.com)
7. Wilbur Smith Associates

Please provide all responsive records from January 20, 2017, to the date the search is conducted.

In addition to the records requested above, American Oversight also requests records describing the processing of this request, including records sufficient to identify search terms used and locations and custodians searched and any tracking sheets used to track the processing of this request. If CEQ uses FOIA questionnaires or certifications completed by individual custodians or components to determine whether they possess responsive materials or to describe how they conducted searches, we also request any such records prepared in connection with the processing of this request.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. **No category of material should be omitted from search, collection, and production.**

Please search all records regarding agency business. **You may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts.** Records of official business conducted using unofficial systems or stored outside of official files is subject to the Federal Records Act and FOIA.<sup>7</sup> **It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, through negligence or willfulness, failed to meet their obligations.**<sup>8</sup>

In addition, please note that in conducting a “reasonable search” as required by law, you must employ the most up-to-date technologies and tools available, in addition to searches by individual custodians likely to have responsive information. Recent technology may have rendered CEQ’s prior FOIA practices unreasonable. **In light of the government-wide requirements to manage information electronically by the end of 2016, it is no longer reasonable to rely exclusively on custodian-driven searches.**<sup>9</sup> Furthermore, agencies that have adopted the National Archives and Records Agency (NARA) Capstone program, or similar policies, now maintain emails in a form that is reasonably likely to be more complete than individual custodians’ files. For example, a custodian may have deleted a responsive email from his or her email program, but CEQ’s

<sup>8</sup> See *Competitive Enter. Inst. v. Office of Sci. & Tech. Policy*, No. 14-cv-765, slip op. at 8 (D.D.C. Dec. 12, 2016) (“The Government argues that because the agency had a policy requiring [the official] to forward all of his emails from his [personal] account to his business email, the [personal] account only contains duplicate agency records at best. Therefore, the Government claims that any hypothetical deletion of the [personal account] emails would still leave a copy of those records intact in [the official’s] work email. However, policies are rarely followed to perfection by anyone. At this stage of the case, the Court cannot assume that each and every work related email in the [personal] account was duplicated in [the official’s] work email account.” (citations omitted)).

archiving tools would capture that email under Capstone. Accordingly, American Oversight insists that CEQ use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. **However, custodian searches are still required; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

Under the FOIA Improvement Act of 2016, agencies must adopt a presumption of disclosure, withholding information “only if . . . disclosure would harm an interest protected by an exemption” or “disclosure is prohibited by law.”<sup>10</sup> If it is your position that any portion of the requested records is exempt from disclosure, American Oversight requests that you provide an index of those documents as required under *Vaughn v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973), *cert. denied*, 415 U.S. 977 (1974). As you are aware, a *Vaughn* index must describe each document claimed as exempt with sufficient specificity “to permit a reasoned judgment as to whether the material is actually exempt under FOIA.”<sup>11</sup> Moreover, the *Vaughn* index “must describe *each* document or portion thereof withheld, and for *each* withholding it must discuss the consequences of disclosing the sought-after information.”<sup>12</sup> Further, “the withholding agency must supply ‘a relatively detailed justification, specifically identifying the reasons why a particular exemption is relevant and correlating those claims with the particular part of a withheld document to which they apply.’”<sup>13</sup>

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document.<sup>14</sup> Claims of nonsegregability must be made with the same degree of detail as required for claims of exemptions in a *Vaughn* index. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

**You should institute a preservation hold on information responsive to this request.** American Oversight intends to pursue all legal avenues to enforce its right of access under FOIA, including litigation if necessary. Accordingly, CEQ is on notice that litigation is reasonably foreseeable.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and CEQ can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. ### **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and 40 C.F.R. § 1515.15(b), American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will significantly enhance the public’s understanding of the subject matter of the request.<sup>15</sup> Moreover, the request is primarily and fundamentally for non-commercial purposes.<sup>16</sup>

American Oversight requests a waiver of fees because disclosure of the requested information is in the public interest because it is likely to contribute significantly to public understanding of government operations and activities.<sup>17</sup> The requested records are correspondence between CEQ and private entities that could benefit from the administration’s highest legislative priority in advance of the 2018 congressional elections.<sup>18</sup> Records related to CEQ’s efforts to engage with private stakeholders on an important legislative priority clearly “concern[] identifiable operations or activities of the government,”<sup>19</sup> and will assist the public in understanding whether the administration is acting in accordance with its public representations about its infrastructure priorities.<sup>20</sup> The American people deserve to know how the administration is working to enact legislation that it claims is important to upcoming elections. As discussed below, American Oversight has both the ability and the intention to effectively convey the information it receives to the public, and disclosure of the requested records to American Oversight will “significantly enhance the public’s understanding of government operations or activities.”<sup>21</sup>

This request is primarily and fundamentally for non-commercial purposes.<sup>22</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on our public website

For example, after receiving records regarding an ethics waiver received by a senior DOJ attorney, American Oversight promptly posted the records to its website<sup>24</sup> and published an analysis of what the records reflected about DOJ's process for ethics waivers.<sup>25</sup> Additionally, American Oversight has a project called "Audit the Wall," where the organization is gathering and analyzing information and commenting on public releases of information related to the administration's proposed construction of a barrier along the U.S.-Mexico border.<sup>26</sup>

Accordingly, American Oversight qualifies for a fee waiver.

### **Application for Expedited Processing**

Pursuant to 5 U.S.C. § 552(a)(6)(E) and 40 C.F.R. § 1515.7(a)(2), American Oversight requests that CEQ expedite the processing of this request.

I further certify that American Oversight is primarily engaged in disseminating information to the public. ### **Conclusion**

We share a common mission to promote transparency in government. American Oversight looks forward to working with CEQ on this request. If you do not understand any part of this request, have any questions, or foresee any problems in fully releasing the requested records, please contact Dan McGrath at [foia@americanoversight.org](mailto:foia@americanoversight.org) or 202.897.4213. Also, if American Oversight's request for a fee waiver is not granted in full, please contact us immediately upon making such a determination.
