**Re: Freedom of Information Act Request**

Dear Mr. Hibbard and Ms. McFadden:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the Department of Justice (DOJ), 28 C.F.R. Part 16, American Oversight makes the following request for records.

On August 27, 2018, the Office of the Inspector General (OIG) of the U.S. General Services Administration (GSA) published a report, “Review of GSA’s Revised Plan for the Federal Bureau of Investigation Headquarters Consolidation Project.”<sup>1</sup> The report alleges that GSA Administrator Emily Murphy may have misled Congress about the White House’s involvement in the FBI Headquarters Consolidation project. Notably, it highlights that the White House invoked *executive* privilege to prevent the OIG—a component of GSA, an *executive* branch agency—from learning statements made by the President in meetings regarding the FBI Headquarters project. In addition, recent press reporting alleges that high-level Trump administration officials played roles in scuttling plans for relocating FBI Headquarters—instead prioritizing the costlier option of building a new headquarters downtown.<sup>2</sup>

Given President Trump’s reported interest in the future of the FBI Headquarters and its proximity to Trump International Hotel—a property in which he still maintains a financial interest—it is in the public interest to understand the extent to which Trump’s personal business motivations are

dictating matters of national security. American Oversight seeks records to inform whether and to what extent the president’s personal financial interests influenced a multi-billion-dollar federal project with national security considerations.

**Requested Records**

American Oversight requests that the DOJ produce the following within twenty business days:

- 1) All records reflecting communications (including emails, email attachments, text messages, voicemails, voicemail transcripts, messages on messaging platforms (such as Slack, GChat or Google Hangouts, Lync, Skype, WhatsApp, Facebook messaging, Twitter Direct Messages, or Signal), telephone call logs, calendar invitations, calendar entries, meeting notices, meeting agendas, informational material, draft legislation, talking points, any handwritten or electronic notes taken during any oral communications, summaries of any oral communications, or other materials) between or among (including those copied or blind copied on emails) DOJ officials listed in Column A and Trump Organization individuals or entities listed in Column B:

Please provide all responsive records from January 20, 2017, through the date of search.

- 2) All records reflecting communications (including emails, email attachments, text messages, voicemails, voicemail transcripts, messages on messaging platforms (such as Slack, GChat or Google Hangouts, Lync, Skype, WhatsApp, Facebook messaging, Twitter Direct Messages, or Signal), telephone call logs, calendar invitations, calendar entries, meeting notices, meeting agendas, informational material, draft legislation, talking points, any handwritten or electronic notes taken during any oral communications, summaries of any oral communications, or other materials) with the individuals at DOJ listed below containing the search terms listed below:
  - a. Attorney General Jeff Sessions
  - b. Deputy Attorney General Rod Rosenstein
  - c. Assistant Attorney General for Administration Lee Lofthus, Justice Management Division
  - d. Anyone communicating on behalf of the Attorney General, Deputy Attorney General, or Assistant Attorney General for Administration (including those performing duties in an acting capacity), such as a Chief of Staff, Executive Assistant, or Secretary

For this portion of the request, communications containing at least one of the following search terms are considered responsive:

- i. “Trump Hotel\*”
- ii. “Trump International Hotel”
- iii. TIH
- iv. “Trump Org\*”
- v. “Post Office”
- vi. OPO

Please note that American Oversight is using the asterisk (\*) to designate the standard use of “wildcards” in the search for responsive records. For example, a search for “Org\*” would return all of the following: Org, Organization, Organize, Organized, Organizes, Organizing, etc. If DOJ is unable to search for wildcards, please advise so that we may specifically include the variations that we would like searched.

Please provide all responsive records from January 20, 2017, through the date of search.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. **No category of material should be omitted from search, collection, and production.**

Please search all records regarding agency business. **You may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts.** Records of official

business conducted using unofficial systems or stored outside of official files is subject to the Federal Records Act and FOIA.<sup>3</sup> **It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, through negligence or willfulness, failed to meet their obligations.**<sup>4</sup>

In addition, please note that in conducting a “reasonable search” as required by law, you must employ the most up-to-date technologies and tools available, in addition to searches by individual custodians likely to have responsive information. Recent technology may have rendered DOJ’s prior FOIA practices unreasonable. **In light of the government-wide requirements to manage information electronically by the end of 2016, it is no longer reasonable to rely exclusively on custodian-driven searches.**<sup>5</sup> Furthermore, agencies that have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies, now maintain emails in a form that is reasonably likely to be more complete than individual custodians’ files. For example, a custodian may have deleted a responsive email from his or her email program, but DOJ’s archiving tools would capture that email under Capstone. Accordingly, American Oversight insists that DOJ use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. **However, custodian searches are still required; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.**

Under the FOIA Improvement Act of 2016, agencies must adopt a presumption of disclosure, withholding information “only if . . . disclosure would harm an interest protected by an exemption” or “disclosure is prohibited by law.”<sup>6</sup> If it is your position that any portion of the requested records is exempt from disclosure, American Oversight requests that you provide an index of those

Therefore, the Government claims that any hypothetical deletion of the [personal account] emails would still leave a copy of those records intact in [the official’s] work email. documents as required under *Vaughn v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973), *cert. denied*, 415 U.S. 977 (1974). As you are aware, a *Vaughn* index must describe each document claimed as exempt with sufficient specificity “to permit a reasoned judgment as to whether the material is actually exempt under FOIA.”<sup>7</sup> Moreover, the *Vaughn* index “must describe *each* document or portion thereof withheld, and for *each* withholding it must discuss the consequences of disclosing the sought-after information.”<sup>8</sup> Further, “the withholding agency must supply ‘a relatively detailed justification, specifically identifying the reasons why a particular exemption is relevant and correlating those claims with the particular part of a withheld document to which they apply.’”<sup>9</sup>

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document.<sup>10</sup> Claims of nonsegregability must be made with the same degree of detail as required for claims of exemptions in a *Vaughn* index. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

**You should institute a preservation hold on information responsive to this request.** American Oversight intends to pursue all legal avenues to enforce its right of access under FOIA, including litigation if necessary. Accordingly, DOJ is on notice that litigation is reasonably foreseeable.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and DOJ can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

### **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and 28 C.F.R. § 16.10(k), American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a

significant way.<sup>11</sup> Moreover, the request is primarily and fundamentally for non-commercial purposes.<sup>12</sup>

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”<sup>13</sup> The requested records are directly related to a major government project—the relocation of FBI headquarters—and to allegations of impropriety at the highest levels of the executive branch. There is significant interest in the subject of these records.<sup>14</sup> The requested records will help American Oversight and the general public understand whether and to what extent the president’s personal financial interests are influencing a major federal project. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available. As noted, the subject of this request is a matter of public interest, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>15</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>16</sup> American Oversight has demonstrated its commitment to the public disclosure of documents and creation of editorial content. For example, after receiving records regarding an ethics waiver received by a
