Re: Freedom of Information Act Request

Dear Freedom of Information Officers:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the Department of Justice (DOJ), 28 C.F.R. Part 16, American Oversight makes the following request for records.

In April 2018, Attorney General Jeff Sessions announced that the United States would adopt a “zero tolerance” policy of separating parents and children arrested while attempting to enter the country illegal.

As of mid-June 2018, the federal government had separated and detained more than 2,000 children, housing many of them in chain-link cages in temporary facilities set up along the border. This harsh and unpopular policy cost American taxpayers millions of dollars, including those spent on the sudden creation of “tent cities,” transport services, and “shelter care” for unaccompanied children. In June, news reports based on Health and Human Services statistics indicated that it cost $775 per child to hold separated migrant children overnight in tents—more than twice the cost of holding them with their parents or in more permanent buildings.

When Attorney General Jeff Sessions announced the zero-tolerance policy, he released a memo to US Attorney’s Offices along the Southwest Border explaining that “[i]f adopting such a policy requires additional resources, each office shall identify and request such additional resources.” American Oversight is seeking records to understand the costs to US taxpayers associated with the Trump administration’s policy of separating and detaining children of immigrants arrested at the border.

American Oversight is seeking records to understand the costs to US taxpayers associated with the Trump administration’s policy of separating and detaining children of immigrants arrested at the border.

**Requested Records**

American Oversight requests that the Department of Justice produce the following within twenty business days:

1. All records reflecting communications of political appointees* (including emails, email attachments, text messages, voicemail transcripts, messages on messaging platforms—such as Slack, GChat or Google Hangouts, Lync, Skype, WhatsApp, Facebook messaging, Twitter Direct Messages, or Signal—calendar invitations, calendar entries, meeting notices, meeting agendas, informational material, draft legislation, talking points, any handwritten or electronic notes taken during any oral communications, summaries of any oral communications, or other materials) regarding the cost of the family separation policy, including:
   a. the availability or unavailability of budgeted, obligated, or appropriated funds;
   b. any evaluation, assessment, or analysis of currently available appropriations that could be used to fund implementation of the family separation policy; and
   c. constraints on planning for funding of the family separation policy.

2. All records reflecting communications of political appointees* (including emails, email attachments, text messages, voicemail transcripts, messages on messaging platforms—such as Slack, GChat or Google Hangouts, Lync, Skype, WhatsApp, Facebook messaging, Twitter Direct Messages, or Signal—calendar invitations, calendar entries, meeting notices, meeting agendas, informational material, draft legislation, talking points, any handwritten or electronic notes taken during any oral communications, summaries of any oral communications, or other materials) concerning the appropriations, budgeting requests, and costs involved with the implementation of the family separation policy between such political appointees and Congress, including congressional committees or staff. Responsive documents should include emails on which such political appointees and/or Congress were only copied (cc) or blind copied (bcc).

3. All records reflecting communications (including emails, email attachments, text messages, voicemail transcripts, messages on messaging platforms—such as Slack, GChat or Google Hangouts, Lync, Skype, WhatsApp, Facebook messaging, Twitter Direct Messages, or Signal—calendar invitations, calendar entries, meeting notices, meeting agendas, informational material, draft legislation, talking points, any...
handwritten or electronic notes taken during any oral communications, summaries of any oral communications, or other materials) between (1) anyone in the Office of Legislative Affairs (OLA) or the Justice Management Division (JMD) and (2) anyone in the Executive Office for United States Attorneys (EOUSA):

a. concerning the appropriations, budgeting requests, and costs involved with the implementation of the family separation policy; or
b. indicating identification of required resources and requests for additional resources required for implementing the zero-tolerance policy.

*“Political appointee” should be understood as any person who is a Presidential Appointee with Senate Confirmation (PAS), a Presidential Appointee (PA), a non-career SES, any Schedule C employees, or any persons hired under Temporary Non-Career SES Appointments, Limited Term SES Appointments, or Temporary Transitional Schedule C Appointments.

Please provide all responsive records from January 20, 2017, to the date the search is conducted.

The search for responsive records should include all locations and individuals likely to contain responsive records, including at least past and current individuals working within the Office of Legislative Affairs, the Judicial Management Division, and the Executive Office for United States Attorneys.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. No category of material should be omitted from search, collection, and production.

Please search all records regarding agency business. You may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA. It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, through negligence or willfulness, failed to meet their obligations.

5 See Competitive Enter., Inc. v. Office of Sci. & Tech. Policy, No. 14-cv-765, slip op. at 8 (D.D.C. Dec. 12, 2016) (“The Government argues that because the agency had a policy requiring [the official] to forward all of his emails from his [personal] account to his business email, the [personal] account only contains duplicate agency records at best. Therefore, the Government
In addition, please note that in conducting a “reasonable search” as required by law, you must employ the most up-to-date technologies and tools available, in addition to searches by individual custodians likely to have responsive information. Recent technology may have rendered DOJ’s prior FOIA practices unreasonable. In light of the government-wide requirements to manage information electronically by the end of 2016, it is no longer reasonable to rely exclusively on custodian-driven searches. Furthermore, agencies that have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies, now maintain emails in a form that is reasonably likely to be more complete than individual custodians’ files. For example, a custodian may have deleted a responsive email from his or her email program, but DOJ’s archiving tools would capture that email under Capstone. Accordingly, American Oversight insists that DOJ use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. However, custodian searches are still required; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

Under the FOIA Improvement Act of 2016, agencies must adopt a presumption of disclosure, withholding information “only if . . . disclosure would harm an interest protected by an exemption” or “disclosure is prohibited by law.” If it is your position that any portion of the requested records is exempt from disclosure, American Oversight requests that you provide an index of those documents as required under Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir. 1973), cert. denied, 415 U.S. 977 (1974). As you are aware, a Vaughn index must describe each document claimed as exempt with sufficient specificity “to permit a reasoned judgment as to whether the material is actually exempt under FOIA.” Moreover, the Vaughn index “must describe each document or portion thereof withheld, and for each withholding it must discuss the consequences of disclosing the sought-after information.” Further, “the withholding agency must supply ‘a relatively detailed justification, specifically identifying the reasons why a particular exemption is relevant and correlating those claims with the particular part of a withheld document to which they apply.’”

---

8 Founding Church of Scientology v. Bell, 603 F.2d 945, 949 (D.C. Cir. 1979).

10 Id. at 224 (citing Mead Data Central, Inc. v. U.S. Dep’t of the Air Force, 566 F.2d 242, 251 (D.C. Cir. 1977)).
In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document.\textsuperscript{11} Claims of nonsegregability must be made with the same degree of detail as required for claims of exemptions in a \textit{Vaughn} index. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

\textbf{You should institute a preservation hold on information responsive to this request.} American Oversight intends to pursue all legal avenues to enforce its right of access under FOIA, including litigation if necessary. Accordingly, DOJ is on notice that litigation is reasonably foreseeable.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and DOJ can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

\textbf{Fee Waiver Request}

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and 28 C.F.R. § 16.10(k), American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way.\textsuperscript{12} Moreover, the request is primarily and fundamentally for non-commercial purposes.\textsuperscript{13}

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”\textsuperscript{14} The disclosure of the information sought under this request will document and reveal the operations of the federal government, including the use of taxpayers’ money to enforce the Trump administration’s family separation policy. The public has a profound interest in understanding how the government allocates funds to border enforcement priorities and from where such funds have been diverted. Responsive records will also document the importance placed on enforcement of the family separation policy and the justification for it. The subject of this request is a matter of public interest, and the public’s understanding of the

\textsuperscript{11} \textit{Mead Data Central}, 566 F.2d at 261.

\textsuperscript{12} 28 C.F.R. § 16.10(k)(2).

\textsuperscript{13} \textit{Id}.

\textsuperscript{14} 28 C.F.R. § 16.10(k)(2)(i), (ii)(A)-(B).
government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter. American Oversight has demonstrated its commitment to the public disclosure of documents and creation of editorial content. For example, after receiving records regarding an ethics waiver received by a senior DOJ attorney, American Oversight promptly posted the records to its website and published an analysis of what the records reflected about DOJ’s process for ethics waivers. As another example, American Oversight has a project called “Audit the Wall,” where the organization is gathering and analyzing information and commenting on public releases of information related to the administration’s proposed construction of a barrier along the U.S.-Mexico border.

Accordingly, American Oversight qualifies for a fee waiver.

Conclusion

We share a common mission to promote transparency in government. American Oversight looks forward to working with DOJ on this request. If you do not understand any part of this request, Hart Wood at foia@americanoversight.org or 202.873.1743. Also, if American Oversight’s request for a fee waiver is not granted in full, please contact us immediately upon making such a determination.

Sincerely,
