**Re: Freedom of Information Act Request**

Dear Freedom of Information Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the General Services Administration (GSA), 41 C.F.R. Part 105-60, American Oversight makes the following request for records. American Oversight seeks records related to travel, other than coach- or economy-class travel, by government officials.

**Requested Records**

American Oversight requests that GSA produce the following within twenty business days:

All records reflecting Other than Coach-Class Travel requested or reported by any federal agency. This request includes all records reporting, or proposing or requesting approval to utilize, any of the following Other than Coach Class exception codes: (F1), (F2), (F3), (F4), (B1), (B2), (B3), (B4), (B5), (B6), (B7), (B8), (B9), (A1), (T1), (T2), (T3), (T4), (T5), (T6), (T7), (S1), (S2), (S3), (S4).

American Oversight seeks all records from January 20, 2017, to the date of the search.

In addition to the records requested above, American Oversight also requests records describing the processing of this request, including records sufficient to identify search terms used and locations and custodians searched and any tracking sheets used to track the processing of this request. If GSA uses FOIA questionnaires or certifications completed by individual custodians or components to determine whether they possess responsive materials or to describe how they conducted searches, we also request any such records prepared in connection with the processing of this request.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes,

videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. **No category of material should be omitted from search, collection, and production.**

Please search all records regarding agency business. **You may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts.** Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>1</sup> **It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, through negligence or willfulness, failed to meet their obligations.**<sup>2</sup>

In addition, please note that in conducting a “reasonable search” as required by law, you must employ the most up-to-date technologies and tools available, in addition to searches by individual custodians likely to have responsive information. Recent technology may have rendered GSA’s prior FOIA practices unreasonable. **In light of the government-wide requirements to manage information electronically by the end of 2016, it is no longer reasonable to rely exclusively on custodian-driven searches.**<sup>3</sup> Furthermore, agencies that have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies, now maintain emails in a form that is reasonably likely to be more complete than individual custodians’ files. For example, a custodian may have deleted a responsive email from his or her email program, but GSA’s archiving tools would capture that email under Capstone. Accordingly, American Oversight insists that GSA use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. **However, custodian searches are still**

Therefore, the Government claims that any hypothetical deletion of the [personal account] emails would still leave a copy of those records intact in [the official’s] work email. required; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

Under the FOIA Improvement Act of 2016, agencies must adopt a presumption of disclosure, withholding information “only if . . . disclosure would harm an interest protected by an exemption” or “disclosure is prohibited by law.”<sup>4</sup> If it is your position that any portion of the requested records is exempt from disclosure, American Oversight requests that you provide an index of those documents as required under *Vaughn v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973), *cert. denied*, 415 U.S. 977 (1974). As you are aware, a *Vaughn* index must describe each document claimed as exempt with sufficient specificity “to permit a reasoned judgment as to whether the material is actually exempt under FOIA.”<sup>5</sup> Moreover, the *Vaughn* index “must describe *each* document or portion thereof withheld, and for *each* withholding it must discuss the consequences of disclosing the sought-after information.”<sup>6</sup> Further, “the withholding agency must supply ‘a relatively detailed justification, specifically identifying the reasons why a particular exemption is relevant and correlating those claims with the particular part of a withheld document to which they apply.’”<sup>7</sup>

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document.<sup>8</sup> Claims of nonsegregability must be made with the same degree of detail as required for claims of exemptions in a *Vaughn* index. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

**You should institute a preservation hold on information responsive to this request.** American Oversight intends to pursue all legal avenues to enforce its right of access under FOIA, including litigation if necessary. Accordingly, GSA is on notice that litigation is reasonably foreseeable.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and GSA can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15<sup>th</sup> Street, NW, Suite B255, Washington, DC 20005. If it will accelerate release

### **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and 41 C.F.R. § 105-60.305-13, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way.<sup>9</sup> Moreover, the request is primarily and fundamentally for non-commercial purposes.<sup>10</sup>

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding” of government activities and operations.<sup>11</sup> Official government travel undoubtedly constitutes an “activity or operation” of the government. The requested records will shed significant light on how the government decides how to spend public funds, which is of interest to the general public and so will contribute to the “public’s understanding.”<sup>12</sup> Although there has been media coverage of luxury travel by certain department heads, the public does not currently have access to information about the scope of such practices for officials generally, making these records “likely to contribute” to the public understanding of the travel practices and expenditures at issue.<sup>13</sup>

This request is primarily and fundamentally for non-commercial purposes.<sup>14</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s commercial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight will use the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight will also make materials it gathers available on its website and promote their availability on social media platforms, such as Facebook and Twitter.<sup>15</sup> One example of American Oversight’s demonstrated public disclosure of documents and creation of editorial content is in its recently launched “Audit the Wall” effort, where the organization is gathering and analyzing information and commenting on public releases of information related to the

administration's proposed construction of a barrier along the U.S.-Mexico border.<sup>16</sup> As another example, American Oversight has received records relating to expenditures for office renovations at numerous agencies and has worked with media outlets to publicize its findings.<sup>17</sup>

Accordingly, American Oversight qualifies for a fee waiver.

### Conclusion

We share a common mission to promote transparency in government. American Oversight looks forward to working with GSA on this request. If you do not understand any part of this request, have any questions, or foresee any problems in fully releasing the requested records, please contact Beth France at [foia@americanoversight.org](mailto:foia@americanoversight.org) or (202) 897-2465. Also, if American Oversight's request for a fee waiver is not granted in full, please contact us immediately upon making such a determination.
