Re: Freedom of Information Act Request

Dear Freedom of Information Officer:

Commander Jonathan D. White, a career official with the Department of Health and Human Services, has testified multiple times before congressional committees that he warned superiors about the potential harmful psychological impacts of separating children from their parents as the administration prepared to institute a “zero tolerance” prosecution policy that led to the separation of thousands of children from their parents at the southern border. In testimony before the House Judiciary Committee on February 26, 2019, Commander White said that he raised concerns about such family separations beginning in February 2017 and continuing through January 2018. Asked by Rep. Zoe Lofgren to identify the form that those concerns took, Commander White responded that he “identified these concerns primarily in meetings; also in writing.”

2 House Judiciary Committee, supra note 1.
American Oversight seeks records of any written warnings Commander White issued to his superiors about the effects of separating children from their families at this scale and of the way in which administration officials responded to these warnings.

**Requested Records**

American Oversight requests that the Department of Homeland Security (DHS) produce within twenty business days:

1. All communications (including emails, email attachments, memos, reports, calendar invitations, calendar entries, meeting notices, meeting agendas, any handwritten or electronic notes taken during any oral communications, summaries of any oral communications, or other materials) sent by Commander Jonathan White regarding the potential impact of a “zero tolerance” policy, or any policy resulting in the separation of children from their families, on the psychological or physical health of the affected children.

2. Any communication forwarding, replying to, or otherwise commenting on any such communication from Commander White.

American Oversight requests that DHS search records maintained by John Kelly, Kirsten Nielsen and Chad Wolf. Please produce all responsive records from January 20, 2017, through May 1, 2018.

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. **No category of material should be omitted from search, collection, and production.**

Please search all records regarding agency business. **Your agency may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts.** Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA. \(^1\) **It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been**

moved to official systems or if officials have, through negligence or willfulness, failed to meet their obligations."

In addition, please note that in conducting a “reasonable search” as required by law, you must employ the most up-to-date technologies and tools available, in addition to searches by individual custodians likely to have responsive information. Recent technology may have rendered your agency’s prior FOIA practices unreasonable. In light of the government-wide requirements to manage information electronically by the end of 2016, it is no longer reasonable to rely exclusively on custodian-driven searches. Furthermore, agencies that have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies, now maintain emails in a form that is reasonably likely to be more complete than individual custodians’ files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools would capture that email under Capstone. Accordingly, American Oversight insists that your agency use the most up-to-date technologies to search for responsive information and take steps to ensure that the most complete repositories of information are searched. American Oversight is available to work with you to craft appropriate search terms. However, custodian searches are still required; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

Under the FOIA Improvement Act of 2016, agencies must adopt a presumption of disclosure, withholding information “only if . . . disclosure would harm an interest protected by an exemption” or “disclosure is prohibited by law.” If it is your position that any portion of the requested records is exempt from disclosure, American Oversight requests that you provide an index of those documents as required under Vaughn v. Rosen, 484 F.2d 820 (D.C. Cir. 1973), cert. denied, 415 U.S. 977 (1974). As you are aware, a Vaughn index must describe each document claimed as exempt with sufficient specificity “to permit a reasoned judgment as to whether the material is

\[1\] See Competitive Enter. Inst. v. Office of Sci. & Tech. Policy, No. 14-cv-765, slip op. at 8 (D.D.C. Dec. 12, 2016) (“The Government argues that because the agency had a policy requiring [the official] to forward all of his emails from his [personal] account to his business email, the [personal] account only contains duplicate agency records at best. Therefore, the Government claims that any hypothetical deletion of the [personal account] emails would still leave a copy of those records intact in [the official’s] work email. However, policies are rarely followed to perfection by anyone. At this stage of the case, the Court cannot assume that each and every work-related email in the [personal] account was duplicated in [the official’s] work email account.” (citations omitted)).

actually exempt under FOIA.” Moreover, the *Vaughn* index “must describe each document or portion thereof withheld, and for each withholding it must discuss the consequences of disclosing the sought-after information.” Further, “the withholding agency must supply ‘a relatively detailed justification, specifically identifying the reasons why a particular exemption is relevant and correlating those claims with the particular part of a withheld document to which they apply.’”

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. Claims of nonsegregability must be made with the same degree of detail as required for claims of exemptions in a *Vaughn* index. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight hopes to decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

**Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and 6 C.F.R. § 5.11(k), American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

5. 6 C.F.R. § 5.11(k)(1)(i).
6. 6 C.F.R. § 5.11(k)(1)(ii).
American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government.” The requested records have the potential to shed light on whether and to what extent a top federal official has identified risks of a federal policy of exceptional public interest. The Trump administration’s zero tolerance family separation policy is a matter of exceptional public interest and urgency. The American public deserves to know the full breadth of the risks of this policy. And, as described below, American Oversight will distribute these records effectively to the general public.

This request is primarily and fundamentally for non-commercial purposes. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter. American Oversight has demonstrated its commitment to the public disclosure of documents and creation of editorial content. For example, after receiving records regarding an ethics waiver received by a senior DOJ attorney, American Oversight promptly posted the records to its website and published an analysis of what the records reflected about DOJ’s process for ethics waivers. As another example, American Oversight has a project called “Audit the Wall,” where the

organization is gathering and analyzing information and commenting on public releases of information related to the administration’s proposed construction of a barrier along the U.S.-Mexico border.¹⁹

Accordingly, American Oversight qualifies for a fee waiver.

**Conclusion**

We share a common mission to promote transparency in government. American Oversight looks forward to working with your agency on this request. If you do not understand any part of this request, have any questions, or foresee any problems in fully releasing the requested records, please contact Hart Wood at foia@americanoversight.org or (202) 873-1743. Also, if American Oversight’s request for a fee waiver is not granted in full, please contact us immediately upon making such a determination.

Sincerely,
