**Re: Freedom of Information Act Request**

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

The Comprehensive Addiction and Recovery Act of 2016 directed the Secretary of the Department of Health and Human Services (HHS), in cooperation with the Department of Veterans Affairs (VA) and the Department of Defense (DOD), to convene a Pain Management Best Practices Inter-Agency Task Force (the Task Force) charged with providing recommendations on best practices and recommendations in the area of chronic

and acute pain management.<sup>1</sup> A subsequent enactment expanded the Task Force's scope to include collaborating with the Secretary of HHS to make recommendations related to Medicare and Medicaid payment and coverage policies affecting the opioid crisis.<sup>2</sup>

The Task Force has since been convened and issued its first report, which criticizes guidance from the U.S. Centers for Disease Control and Prevention (CDC) regarding limiting opioid prescribing.<sup>3</sup> But questions have been raised in the media<sup>4</sup> and by members of Congress<sup>5</sup> about potential conflicts of interest between members of the Task Force and opioid and medical device manufacturers that may have influenced the Task Force's recommendations on this and other topics.

American Oversight seeks records to shed light on these potential conflicts of interest and their treatment by the convening agencies.

### **Requested Records**

American Oversight requests that your agency produce the following records within twenty business days:

1. Any documents reflecting guidance, directives, or criteria used in or related to the review and selection of Pain Management Best Practices Inter-Agency Task Force members to screen for or identify past or present financial relationships between Task Force nominees and opioid or other drug manufacturers.
2. Any documents reflecting guidance, directives, or criteria used in or related to the review and selection of Pain Management Best Practices Inter-Agency Task Force members to screen for or identify past or present financial relationships between Task Force nominees and medical device manufacturers.

Please provide all responsive records from August 21, 2017, through the date of the search.

## Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."<sup>6</sup> The public has a significant interest in the issuance of unbiased health and safety recommendations and guidelines. Records with the potential to shed light on whether members of government panels tasked with making such recommendations are inappropriately influenced by product manufacturers would contribute significantly to public understanding of operations of the federal government. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>7</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>8</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.<sup>9</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to

Accordingly, American Oversight qualifies for a fee waiver.

### **Guidance Regarding the Search & Processing of Requested Records**

- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>15</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>16</sup>
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>17</sup> and many agencies have adopted the National Archives and Records Administration (NARA)

Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

## **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive.
