Re: Freedom of Information Act Request

Dear FOIA Officers:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

Reports indicate that the administration acted to withhold vital aid to Ukraine days before President Trump's July 25 phone call with Ukraine's President Zelensky.¹ A rough transcript of the call released by the White House shows that the president stated that he would direct Attorney General Barr to call the president of Ukraine with the president's personal attorney, Mr. Giuliani, regarding his request that Ukraine investigate his political opponent.² In light of these allegations that President Trump sought to pressure Ukraine to investigate Biden, Speaker of the House Nancy Pelosi on September 24, 2019 announced a formal impeachment inquiry against President Trump.³

On October 17, 2019, Acting White House Chief of Staff Mick Mulvaney stated in a press conference that one of the three reasons for withholding military aid from Ukraine was Ukraine's cooperation in an ongoing DOJ investigation.⁴

American Oversight seeks records to shed light on whether and to what extent DOJ has officially engaged with Ukraine in an ongoing investigation.

Requested Records

American Oversight requests that the U.S. Department of Justice (DOJ) produce the following records within twenty business days:

Copies of all mutual legal assistance (MLA) or mutual legal assistance treaty (MLAT) requests between DOJ and the Ukrainian government since February 14, 2019.

American Oversight believes DOJ is best positioned to determine where responsive records may reside. American Oversight requests that, at a minimum, DOJ search the records of the Criminal Division's Deputy Assistant Attorney General Bruce Swartz, and anyone serving as his Chief of Staff, as well as the immediate front office of the Office of International Affairs, including Director Vaughn Ary and anyone serving as his Chief of Staff.

Please provide all responsive records from February 14, 2019, through the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to

⁴ In a press briefing on October 17, 2019, Acting White House Chief of Staff Mulvaney stated that there were "three factors" involved in withholding aid to Ukraine: "corruption in the country, whether or not other countries were participating in the support of the Ukraine, and whether or not they were cooperating in an ongoing investigation with our Department of Justice." *Read Mulvaney's Conflicting Statements on Quid Pro Quo*, N.Y. public understanding of operations or activities of the government.”⁵ The subject matter of the requested records specifically relates to the operations or activities of the government, including communications surrounding an effort by the personal attorney to the president to persuade the Ukrainian government to investigate a family member of one of the president’s potential political opponents,⁶ and actions reportedly taken by the U.S. Government to aid those efforts. There is significant public interest in understanding whether and to what extent the perceived political interests of the president are influencing U.S. foreign policy toward Ukraine, including whether administration officials are involved in an effort to use the president’s private attorney to lobby Ukrainian officials,⁷ or whether other U.S. Government actions are being undertaken to pressure a foreign government to investigate the president’s political opponent for President Trump’s electoral advantage. The subject of this request is a matter of public interest, and the public’s understanding of the government’s activities and use of resources would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.⁸ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁹

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.¹⁰ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such waivers;¹¹ posting records received as part of American Oversight’s “Audit the Wall”

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks "communications," please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.

- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹⁶ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹⁷
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁸ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same

time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive.
