**Re: Freedom of Information Act Request**

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

A review of records produced to American Oversight indicated that top officials referred to a report entitled "Quinquennial Report on Asylum Decision Trends and Factors" as the "Hunger Games Report."<sup>1</sup> This can be construed as a reference to a dystopian young-adult novel,<sup>2</sup> making light of the serious cases that your agency adjudicates. The usage of such language has implications for these officials' ability to make unbiased decisions about individuals seeking refuge in the United States.

American Oversight seeks records with the potential to shed light on the extent and context of usage of the terms.

**Requested Records**

American Oversight requests that your agency produce the following records within twenty business days:

All email communications (including emails, email attachments, complete email chains, calendar invitations, and attachments thereto) sent by the officials specified below containing the term "hunger games":

2. Anyone serving as Chief of Staff, such as Kathy Nuebel Kovarik and Carl Risch, including in an acting capacity
3. Anyone serving as Deputy Chief of Staff, such as Kaitlin Vogt Stoddard, including in an acting capacity
4. Anyone serving as Chief of the Office of Policy and Strategy, such as Larry Levine, Kathy Nuebel Kovarik and Robert Law, including in an acting capacity
5. Anyone serving as Chief Counsel, such as Craig Symons and Molly Groom, including in an acting capacity
6. Jennifer Higgins, Associate Director, Refugee, Asylum and International Operations Directorate
7. Joanna Ruppel, Chief, Refugee Affairs Division
8. Anyone serving as Chief of the Asylum Division, such as John Lafferty and Andrew Davidson, including in an acting capacity
9. Dimple Dhabalia, Program Manager

In an effort to accommodate your agency and reduce the number of responsive records to be processed and produced, American Oversight has limited its request to emails sent by the listed officials. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both the sent messages and the prior received messages in each email chain. This means, for example, that both an agency official's response to an email and the initial received message are responsive to this request and should be produced if any message in the email chain contains the listed key term.

Please provide all responsive records from January 1, 2017 through the date of the search.

### **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."<sup>3</sup> The public has a significant interest in eliminating prejudice amongst officials who are entrusted with

adjudicating cases in an unbiased manner. This is evidenced by the news coverage of their usage of “hunger games” in a potentially derogatory sense.<sup>4</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including the extent and context of the usage of the term. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>5</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>6</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.<sup>7</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such waivers;<sup>8</sup> posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the administration’s proposed construction of

Accordingly, American Oversight qualifies for a fee waiver.

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted

using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>13</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>14</sup>

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>15</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
