Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the Department of State (State), 22 C.F.R. Part 171, American Oversight makes the following request for records.

According to press reporting, last fall former Deputy Assistant to the President Sebastian Gorka accompanied Secretary of State Mike Pompeo on his 2019 visit to Italy and the Holy See as a member of the press pool. Gorka, who hosts the program “America First” on the Salem Radio Network, flew on the same plane as the secretary, and, while in Rome, attended a press event featuring Pompeo and Italian Prime Minister Giuseppe Conte.¹

American Oversight seeks records to shed light on the influence of far-right media at the State Department.

Requested Records

American Oversight requests that the Department of State produce the following records within twenty business days:

1. All communications (including emails, email attachments, complete email chains, text messages, messages on messaging platforms (such as Slack, GChat or Google Hangouts, Lync, Skype, or WhatsApp), calendar invitations, and attachments thereto) between (1) Sebastian Gorka or anyone representing him, including any

person communicating from an email address ending in @sebgorka.com or @salemmedia.com, and (2) any of the following State Department officials:

- i. Secretary of State Mike Pompeo, and anyone communicating on his behalf such as an assistant or scheduler
- ii. Executive Secretary Lisa Kenna
- iii. Senior Advisors Toni Porter and Mary Kissel
- iv. Assistant Secretary of State for Public Affairs Michelle Giuda
- v. Anyone serving as Spokesperson for the Department of State, including Morgan Ortagus
- vi. Anyone in the Bureau of Public Affairs responsible for coordinating the press pool of Secretary Pompeo's visit to Italy and the Holy See in or around September to October 2019
- vii. Anyone in the Office of Press Operations responsible for coordinating the press pool of Secretary Pompeo's visit to Italy and the Holy See in or around September to October 2019

Please provide all responsive records from June 1, 2019, through December 1, 2019.

2. All records reflecting communications (including emails, email attachments, text messages, messages on messaging platforms (such as Slack, GChat or Google Hangouts, Lync, Skype, or WhatsApp), telephone call logs, calendar invitations, calendar entries, meeting notices, meeting agendas, informational material, talking points, any handwritten or electronic notes taken during any oral communications, summaries of any oral communications, or other materials) regarding Sebastian Gorka's inclusion in the press pool during Secretary Pompeo's visit to Italy and the Holy See, on or around September 30, 2019, to October 2, 2019, including his visit with Italian Prime Minister Giuseppe Conte and the event "Pathways to Achieving Human Dignity: Partnering with Faith-Based Organizations" hosted at the U.S. Embassy to the Holy See.

American Oversight requests that State Department search, at a minimum, records of the following offices: the immediate front office of the Secretary and the Executive Secretariat, the Bureau of Public Affairs (including the Office of Press Operations), the immediate front office of the Chief of Protocol, any office charged with handling expenses related to the travel of press members with State Department officials, and the Offices of Public Affairs in the U.S. Embassy in Italy and the U.S. Embassy to the Holy See.

Please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications forwarding such emails are responsive to this request. In other words, for example, if an official received a mass-distribution news clip email regarding the subject matter listed above, that

initial email would not be responsive to this request. However, if the official forwarded that email to another individual with his own commentary, that subsequent message would be responsive to this request and should be produced.

Please provide all responsive records from August 1, 2019, through October 30, 2019.

3. All records reflecting costs reimbursed or paid directly by your agency associated with the travel of press pool member Sebastian Gorka on Secretary Pompeo's visit to Italy and the Holy See, on or around September 30, 2019, to October 2, 2019.

Reimbursements include payments for lodging, meals, conference fees, incidental expenses, costs for transportation, costs of individual airfare, per diem payments, overtime payments, payments made via government-issued charge cards or travel cards, or other expenses.

American Oversight believes that State Department is best positioned to determine where responsive records may reside. At a minimum, we request a search of offices responsible for coordinating press pool travel, accommodations, meals, or any other arrangements for the trip, or handling any finance-related issues related to individuals traveling with the secretary on foreign trips.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."² The public has a significant interest in the inclusion of a right-wing media figure with ties to the administration in an official press operation. Records with the potential to shed light on this issue would contribute significantly to public understanding of operations of the federal government, including why the State Department chose to include Mr. Gorka in official travel with the Secretary of State. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

² 5 U.S.C. § 552(a)(4)(A)(iii).

This request is primarily and fundamentally for non-commercial purposes.³ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁴

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.⁵ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;⁶ posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁷ posting records regarding potential self-dealing at the Department of Housing & Urban Development and related analysis;⁸ posting records and analysis relating to the federal

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks "communications," please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹¹ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹²
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹³ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please

take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive.
