Re: Freedom of Information Act Request

Dear FOIA Officers:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

The outbreak of the novel coronavirus, SARS-CoV-2, and the disease it causes, COVID-19, has been declared a public health emergency at both the national and international levels.¹ Since late 2019, the virus has spread to dozens of countries, sickened hundreds of thousands of people, and resulted in tens of thousands of deaths.² This is a rapidly evolving situation that is demanding coordinated attention and action across the federal government. According to public reports, since January 2020 intelligence agencies have issued numerous reports on the risks of the coronavirus outbreak.³ Despite these warnings, President Trump has consistently downplayed the threat of the virus to public health,⁴ and expressly prioritized the economy over American lives.⁵

Jared Kushner, senior advisor to the President, has reportedly taken a key role in response to the coronavirus outbreak—even setting up his own team of government and private officials to work on the response, some of whom work out of the Department of Health

and Human Services and others who work out of the White House⁶—but he has faced scrutiny for potential business conflicts of interests in response efforts.⁷

American Oversight seeks to shed light on the role of one of the President’s family members in driving the response to a national public health emergency.

Requested Records

American Oversight requests that your agency produce the following records within twenty business days:

All materials prepared or compiled by officials at your agency or through an interagency process for Jared Kushner, senior advisor to the President, regarding the coronavirus outbreak and the risk of its spread (or any efforts or opportunities to mitigate its spread).

This request includes, but is not limited to, all materials requested or tasked by Mr. Kushner regarding the coronavirus outbreak; all final talking points prepared for briefings of Mr. Kushner on the coronavirus outbreak; all updates or recommendations for Mr. Kushner regarding the outbreak and efforts to mitigate its spread; and all finished intelligence products (including any other final intelligence articles, assessments, or memoranda, or any final daily updates or situation reports for your agency’s senior leadership) prepared by analysts at your agency or through an interagency process and provided to Mr. Kushner regarding the coronavirus outbreak and the risk of its spread (or any efforts or opportunities to mitigate its spread).

Please provide all responsive records from December 1, 2019 through March 31, 2020.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the

disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”⁸ The public has a significant interest in understanding whether the executive branch has failed to heed warnings of key health agencies and the intelligence community about the risks of a pandemic. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including whether and to what extent the President’s son-in-law with potential business conflicts of interest is crafting the federal response to a national public health crisis, and whether the administration ignored timely information about the spread of the coronavirus, which has now claimed more than three thousand American lives. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.⁹ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.¹⁰

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.¹¹ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such

⁸ 5 U.S.C. § 552(a)(4)(A)(iii).

¹¹ *News*, AMERICAN OVERSIGHT, <https://www.americanoversight.org/blog>.

waivers;¹² posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;¹³ posting records regarding potential self-dealing at the Department of Housing & Urban Development and related analysis;¹⁴ posting records and analysis relating to the federal government’s efforts to sell nuclear technology to Saudi Arabia;¹⁵ and posting records and analysis regarding the Department of Justice’s decision in response to demands from Congress to direct a U.S. Attorney to undertake a wide-ranging review and make recommendations regarding criminal investigations relating to the President’s political opponents and allegations of misconduct by the Department of Justice itself and the Federal Bureau of Investigation.¹⁶

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind,

including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹⁷ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹⁸
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁹ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to

files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

We share a common mission to promote transparency in government. American Oversight looks forward to working with your agency on this request. If you do not understand any part of this request, please contact Christine Monahan at foia@americanoversight.org or

202.869.5244. Also, if American Oversight's request for a fee waiver is not granted in full, please contact us immediately upon making such a determination.

Sincerely,
