**Re: Freedom of Information Act Request**

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations your agency, American Oversight makes the following request for records.

Recent reporting suggests that Paul Touw, Senior Advisor and Chief Strategy Officer to State Department (State) Undersecretary for Economic Growth, Energy, and Environment Keith Krach, authored a plan—the “Eagle Plan”—to cut long-term people’s retirement benefits in exchange for providing desperately needed relief during the coronavirus pandemic and the economic crisis that has resulted from the pandemic.<sup>1</sup> Mr. Touw’s supervisor, Undersecretary Krach, is reportedly a close associate of White House Advisor Jared Kushner.<sup>2</sup> Art Laffer, an economist who does not hold a government position, stated that he reviewed the plan.<sup>3</sup> American Oversight seeks records with the potential to shed light on this matter.

**Requested Records**

American Oversight requests that State produce the following records within twenty business days:

A copy of the final version of the plan drafted or partly drafted by Senior Advisor and Chief Strategy Officer Paul Touw that discusses cuts to federal retirement benefits (such as Social Security or Medicare) in exchange for upfront cash payments, including payments made as relief during the coronavirus pandemic. This plan is reportedly referred to as the “Eagle Plan.”

Given this request is for a single, recent, readily-identifiable document, American Oversight expects that this request will be assigned to the Simple processing track and will be processed promptly.

American Oversight further notes that this plan was reportedly shared with at least one private individual, and thus the “inter-agency” threshold requirement of Exemption 5 almost certainly cannot be met, so the document should not be withheld under the deliberative process privilege.

Please provide any responsive record from January 1, 2020, through the date of the search.

### **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”<sup>4</sup> The public has a significant interest in understanding whether the government plans to make access to desperately needed coronavirus assistance contingent of cuts to future retirement benefits, as reportedly has been planned by Mr. Touw—a subordinate of a close associate of Jared Kushner. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including whether citizens may need to make very difficult choices in the face of the crisis caused by the coronavirus pandemic. The requested records will also shed light on the influence that State officials have had on a senior White House advisor, including on matters of economic and foreign policy. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>5</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>6</sup>

<sup>4</sup> 5 U.S.C. § 552(a)(4)(A)(iii).

<sup>5</sup> See 5 U.S.C. § 552(a)(4)(A)(iii).

<sup>6</sup> American Oversight currently has approximately 15,400 page likes on Facebook and 102,400 followers on Twitter. American Oversight, FACEBOOK, <https://www.facebook.com/weareoversight/> (last visited Mar. 17, 2020); American Oversight (@weareoversight), TWITTER, <https://twitter.com/weareoversight> (last visited Mar. 17, 2020).

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.<sup>7</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;<sup>8</sup> posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;<sup>9</sup> posting records regarding potential self-dealing at the Department of Housing & Urban Development and related analysis;<sup>10</sup> posting records and analysis relating to the federal government's efforts to sell nuclear technology to Saudi Arabia;<sup>11</sup> and posting records and analysis regarding the Department of Justice's decision in response to demands from Congress to direct a U.S. Attorney to undertake a wide-ranging review and make recommendations regarding criminal investigations relating to the President's political opponents and allegations of misconduct by the Department of Justice itself and the Federal Bureau of Investigation.<sup>12</sup>

Accordingly, American Oversight qualifies for a fee waiver.

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind.

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>13</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>14</sup>
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>15</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
