Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the Department of Homeland Security (DHS), 6 C.F.R. Part 5, American Oversight makes the following request for records.

The continued deaths of people held in the custody of DHS components remain an issue of significant public concern. The ongoing public health crisis caused by the coronavirus exacerbates existing concerns about the treatment of detainees and the conditions within DHS facilities, given the limited access to healthcare, lack of essential supplies, and close confinement.¹ Furthermore, as fuller accounts of past deaths in custody come to light, new information has repeatedly revealed

discrepancies between statements made to the public and internal documentation.²

To the extent that the public has been informed of the context for deaths in DHS custody, there are few available internal reviews detailing whether responsible agency officials adhered to prescribed procedures in the events leading to each detainee's death. It is in the public interest, however, to understand how DHS has investigated deaths occurring in its custody.

American Oversight seeks records with the potential to shed light on the treatment of vulnerable detainees and whether or to what extent DHS officials are upholding the standards of care prescribed by federal law and agency guidance.

Requested Records

American Oversight requests that your agency produce the following within twenty business days:

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."¹³ This request relates directly to the work of DHS and

its components, including some of the most important responsibilities of the Department—the safety and care of the individuals it has detained. This request seeks records that would shed light on how DHS is treating people it has detained, and how the Department responds when the life and safety of detainees is threatened. These are matters of significant public and congressional concern, and the requested records will provide the public with information necessary to hold DHS accountable for its actions and policies. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.¹⁴ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.¹⁵

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.¹⁶ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such waivers;¹⁷ posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;¹⁸ posting records regarding potential self-dealing at the Department of

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.²² It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.²³
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to

manage agency information electronically,²⁴ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

We share a common mission to promote transparency in government. American Oversight looks forward to working with your agency on this request. If you do not understand any part of this request, have any questions, or foresee any problems in fully releasing the requested records, please contact Hart Wood at foia@americanoversight.org or 202.873.1743. Also, if American Oversight's

I, (b)(6);(b)(7)(c) who after being duly sworn, provide the following statement:

I am Special Agent (SA) (b)(6);(b)(7)(c) currently assigned to U.S. Customs and Border Protection (CBP), Office of Professional Responsibility, El Paso, Texas (OPR/EP). On December 25, 2018, SA (b)(6);(b)(7)(c) and I conducted the first interview of (b)(6);(b)(7)(c) at the Border Patrol (BP) Station in Alamogordo, NM. The purpose of the interview was to obtain information from (b)(6);(b)(7)(c) concerning the death of his eight year old son Felipe Gomez-Alonzo, while in BP custody on December 24, 2018. Also present in the interview was SA (b)(6);(b)(7)(c) and Office of Inspector General (OIG) SA (b)(6);(b)(7)(c). The interview was video and audio recorded with the Star Witness system and assigned authentication code (b)(7)(e) (b)(6);(b)(7)(c) provided the following information:

(b)(6);(b)(7)(c) commenced narrating that after he and his son were moved to another cell, his son told him his throat and nose were hurting at approximately 3:00 a.m. (December 24, 2018), and thought he was catching a cold. In the morning, when the officers (Border Patrol Agents- BPAs) bring the food, (b)(6);(b)(7)(c) explained, he told his son he (b)(6);(b)(7)(c) would notify the BPAs to take him to the hospital. When the BPAs went to the door, (b)(6);(b)(7)(c) informed the BPAs that his son was not feeling well and had a fever. (b)(6);(b)(7)(c) stated that the most gracious officer (BPAs) arrived and advised they were taking them to the hospital. At the hospital, Gerald Champion Regional Medical Center (GCRMC) located at 2669 N. Scenic Dr., Alamogordo, NM 88310, the nurse informed (b)(6);(b)(7)(c) that his son was fine, just issues with his throat and nose, that they would get him better, and prescribed medicine. (b)(6);(b)(7)(c) described his son to be laying on the hospital bed with no signs of dying. After a few hours, at approximately 2:00 p.m. (December 24, 2018) they were released from the hospital.

After arriving at the checkpoint, (b)(6);(b)(7)(c) indicated that his son laid on the bed and he offered his son something to drink, which he drank two juices. [Agent's Note: (b)(6);(b)(7)(c) and his son were being detained at the Alamogordo Highway (Hwy) 70 BP checkpoint pending placement approval.] A few moments later, (b)(6);(b)(7)(c) reported that his son complained of having pain to his abdomen and was pushing on the

right side of his stomach. (b)(6);(b)(7)(c) stated he thought his son would be fine. At approximately 6:00 p.m., the BPAs arrived with his son's prescription, and administered the two doses (one from each medication) and was told it would be taken every eight hours. After the medication, (b)(6);(b)(7)(c) reported that his son's fever decreased and his son stated "Dad, my fever is going down," but continued to complain of pain to his abdomen and asked his father why it was hurting. (b)(6);(b)(7)(c) stated he then felt his son's abdomen, where the son showed him it hurt, and a few minutes later his son vomited. After vomiting, his son seemed to feel better and asked for crackers. (b)(6);(b)(7)(c) stated he gave his son three or four crackers and the BPA moved them; BPA stated "stay here, if something happens with your son, let us know." A while later, (b)(6);(b)(7)(c) notified the BPAs that he felt his son might die because his head felt cold, his nose and hands were cold, and was not sure what was happening with his son.

(b)(6);(b)(7)(c) re-counted to have told his son "I think we're going back to the hospital again, because you're going to die." He reported that his son stated "Yes, father I can no longer stand it; I think I'm going to die. We won't be making it to our destination." (b)(6);(b)(7)(c) replied "What luck, perhaps the doctors can help you; we're going to take you back to the hospital." His son responded "Ok." As they waited for the BPAs, (b)(6);(b)(7)(c) stated his son kept asking what time were they going, indicating to have told him it would be soon. When the BPA arrived, (b)(6);(b)(7)(c) stated he carried his son into the vehicle and his son seemed fine. In the vehicle, (b)(6);(b)(7)(c) stated blood came out of his mouth and nose and right then, his son died.

(b)(6);(b)(7)(c) stated he did not understand the sudden death of his son, as days prior he was playing with other children, talking, laughing, and suddenly had a headache, fever and just started feeling sick that same day (December 24, 2018). (b)(6);(b)(7)(c) stated to have traveled by bus from Guatemala to the U.S. border and his son was not feeling ill. During their travel, (b)(6);(b)(7)(c) and his son would buy food and use the restroom as needed, wherever the bus stopped. (b)(6);(b)(7)(c) stated he does not blame the food they ate, as they would usually share the food, but thinks his son's spirit was broken as most ill people die within few days and his son died immediately. [Agent's Note: (b)(6);(b)(7)(c) stated to have departed Guatemala on Friday (December 14, 2018), traveled for a period of five days surrendering to Immigration authorities on Tuesday (December 18, 2018), spent two days in one location (Paso Del Norte Port of Entry Processing Center-PDT), two more days in another location (BP El Paso Sector), and lastly transferred to the last location (BP checkpoint Alamogordo, NM) where they were processed.] (b)(6);(b)(7)(c) stated that his final destination was Tennessee, where his cousins live.

(b)(6);(b)(7)(c) was grateful that the U.S. Immigration authorities received him and his son well and added that the Immigration officers welcomed him to the U.S. even though he was here illegally. He expressed his gratitude and stated to be here out of necessity, nothing more. Furthermore, (b)(6);(b)(7)(c) stated they arrived very fast at the hospital when taken the first time, adding the BPA was very kind, as well as the officers (BPAs) along the way. His son was given a toy, and stated his son was very happy and hugged his new toy. Approximately ten minutes later, is when he vomited. (b)(6);(b)(7)(c)

stated he was grateful for the BPAs that attended him and his son and conducted themselves well.

(b)(6);(b)(7)(c) provided OPR/EP SAs consent both orally and in writing to his son's medical documentation, by signing a CBP Medical Release form.

The contents of this statement are true and correct to the best of my knowledge and belief.
