Re: Freedom of Information Act Request

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

On July 8, 2020, Attorney General William Barr announced the launch of Operation Legend, an effort to send federal law enforcement officers to help state and local officials “fight the sudden surge of violent crime” in certain cities.¹ After an initial deployment to Kansas City, Missouri, the Attorney General announced that he would expand the operation to Chicago, Albuquerque, Cleveland, Detroit, and Milwaukee.² The Department of Justice has stated that these operations will involve investigators and agents from the Federal Bureau of Investigation (FBI), the Drug Enforcement Administration (DEA), the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF), the U.S. Marshals Service

¹ Press release, *Attorney General William P. Barr Announces Launch of Operation Legend*, Dep’t of Justice (July 8, 2020), available at <https://www.justice.gov/opa/pr/attorney-general-william-p-barr-announces-launch-operation-legend>.

² Press release, *Attorney General William P. Barr Joins President Donald J. Trump to Announce Expansion of Operation Legend*, Dep’t of Justice (July 22, 2020), available at <https://www.justice.gov/opa/pr/attorney-general-william-p-barr-joins-president-donald-j-trump-announce-expansion-operation>; Press release, *Operation Legend Expanded to Cleveland, Detroit, and Milwaukee*, Dep’t of Justice (July 29, 2020), available at <https://www.justice.gov/opa/pr/operation-legend-expanded-cleveland-detroit-and-milwaukee>.

(USMS), and the Department of Homeland Security’s Homeland Security Investigations (HSI), aided by additional funding from the Bureau of Justice Assistance.³

American Oversight seeks records with the potential to shed light on the strategy behind these deployments and the activities of agency personnel deployed in American cities under Operation Legend.

Requested Records

American Oversight requests that your agency produce the following records within twenty business days:

1. All emails communications (including emails, email attachments, complete email chains, and calendar invitations) (a) sent by U.S. Attorney Timothy Garrison, U.S. Attorney John R. Lausch Jr., U.S. Attorney John C. Anderson, U.S. Attorney Justin Herdman, U.S. Attorney Matthew Schneider, or U.S. Attorney Matthew Krueger (b) containing any of the following terms:
 - a. Legend
 - b. “Relentless Pursuit”
 - c. POTUS
 - d. Election
 - e. Elections
 - f. Poll
 - g. Polls
 - h. “Polling place”
 - i. “Polling places”
 - j. “voter fraud”

In an effort to accommodate DOJ and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by the specified custodians. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Mr. Garrison’s response to an email and the initial received message are responsive to this request and should be produced.

2. All emails communications (including emails, email attachments, complete email chains, and calendar invitations) between (a) U.S. Attorney Timothy Garrison, U.S. Attorney John R. Lausch Jr., U.S. Attorney John C. Anderson, U.S. Attorney Justin Herdman, U.S. Attorney Matthew Schneider, U.S. Attorney Matthew Krueger, or anyone serving as Chief of Staff, First Assistant U.S. Attorney, or Principal

³ *Id.*

Assistant U.S. Attorney to these U.S. Attorneys and (b) any person communicating from an email address ending in who.eop.gov.

Please provide all responsive records from July 1, 2020, through the date of the search.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."⁴ The public has a significant interest in the design and implementation of Operation Legend, including the process by which targeted cities were chosen and the strategy by which the Department of Justice intends to achieve the operation's stated goals.⁵ Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including the actions of federal personnel deployed to American cities. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.⁶ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁸ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to the Trump Administration's contacts with Ukraine and analyses of those contacts;⁹ posting records and editorial content about the federal government's response to the Coronavirus pandemic;¹⁰ posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;¹¹ the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;¹² and posting records and analysis of federal officials' use of taxpayer dollars to charter private aircraft or use government planes for unofficial business.¹³

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹⁴ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain

period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹⁵

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁶ and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or

We share a common mission to promote transparency in government. American Oversight looks forward to working with your agency on this request.
