**Re: Expedited Freedom of Information Act Request**

Dear Mr. Krebs:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of the U.S. Department of Justice (DOJ), 28 C.F.R. Part 16, American Oversight makes the following request for records.

Soon after the death of Supreme Court Justice Ruth Bader Ginsburg, President Trump signaled his intention to name a new nominee to the high court, saying that he intends the nomination and vetting process to “move very quickly.”<sup>1</sup> Numerous news reports have indicated that Judge Barbara Lagoa of the U.S. Court of Appeals for the Eleventh Circuit—formerly an Assistant U.S. Attorney for the Southern District of Florida—is among the most likely potential nominees.<sup>2</sup>

Given the enormous national importance of and public interest in the record of the next nominee to the Supreme Court, American Oversight seeks records with the potential to shed light on Judge Lagoa's background and experience.

### **Requested Records**

American Oversight seeks expedited review of this request for the reasons identified below and requests that DOJ produce the following records as soon as practicable, and at least within twenty business days:

All email communications (including email messages, complete email chains, calendar invitations, and attachments thereto) of former Assistant U.S. Attorney (AUSA) for the Southern District of Florida Barbara Lagoa (currently serving on the U.S. Court of Appeals for the Eleventh Circuit) with any of the following individuals or entities:

21. Former Member of the Florida House of Representatives Marco Rubio
22. The Trump Organization (trump.com, trumporg.com, trumphotels.com, maralagoclub.com, trumpgolfdoral.com)

Please provide all responsive records from January 1, 2003, through June 1, 2006.

Please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution

emails. However, subsequent communications forwarding such emails are responsive to this request. In other words, for example, if former AUSA Lagoa received a mass-distribution news clip email from one of the individuals or entities listed above, that initial email would not be responsive to this request. However, if former AUSA Lagoa forwarded that email to another individual with her own commentary, that subsequent message would be responsive to this request and should be produced.

### **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."<sup>3</sup> Given Judge Lagoa's position as a potential Supreme Court nominee, the public has a significant interest in her background.<sup>4</sup> Records with the potential to shed light on her activities during her federal service as an AUSA would contribute significantly to public understanding of the background of a person who may be nominated to one of the most influential positions in our government. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>5</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight

### **Application for Expedited Processing**

Pursuant to 5 U.S.C. § 552(a)(6)(E)(1) and 28 C.F.R. § 16.5(e)(1)(ii), American Oversight requests that your agency expedite the processing of this request.

I certify to be true and correct to the best of my knowledge and belief that the information requested is urgently needed in order to inform the public concerning actual or alleged government activity. Immediately following the death of Justice Ruth Bader Ginsburg, President Trump signaled that he intends to “move very quickly” in naming a new nominee to the Supreme Court.<sup>13</sup> In addition, the morning after Justice Ginsburg’s death was announced, the president also tweeted to the Republican National Committee that they have an “obligation, without delay,” “to make decisions for the people who so proudly elected us, the most important of which has long been considered to be the selection of the United States Supreme Court Justices.”<sup>14</sup> Senate Majority Leader Mitch McConnell has also stated that whomever President Trump nominates “will receive a vote on the floor of the United States.”<sup>15</sup> Indeed, it is possible President Trump’s pick could receive a vote before the November election, less than 1.5 months away.<sup>16</sup>

There is an urgent need to inform the public about whomever President Trump may pick to fill the open Supreme Court seat. There is currently widespread media speculation regarding who the nominee may be, with numerous news articles pointing to the subject of this request, Judge Barbara Lagoa, as a leading contender.<sup>17</sup> Accordingly, within a matter of hours, news reports began discussing Judge Lagoa’s background and legal record.<sup>18</sup> Records responsive to this request will shed additional light on this topic, which is urgently needed in order to inform the public concerning Judge Lagoa’s potential nomination in advance of a confirmation hearing that could take place imminently. Indeed, if a request for records intended to inform the public regarding a potential lifetime appointment to the Supreme Court fails to qualify for expedited processing, it is difficult to imagine what would.

I further certify that American Oversight is primarily engaged in disseminating information to the public. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. Similar to other organizations that have been found to satisfy the criteria necessary to qualify for expedition,<sup>19</sup> American Oversight “gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw material into a distinct work, and distributes that work to an audience.”<sup>20</sup> American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, and other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>21</sup> As discussed previously, American Oversight has demonstrated its commitment to the public disclosure of documents and creation of editorial content.<sup>22</sup>

Accordingly, American Oversight’s request satisfies the criteria for expedition.

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>23</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>24</sup>
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>25</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency’s archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of

### **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
