**Re: Public Records Request**

Dear Public Records Officer:

Pursuant to the Arizona Public Records Law, A.R.S. §§ 39-121 et seq., American Oversight makes the following request for records.

On July 29, 2020, the United States Postal Service (USPS) issued a warning to 46 states and the District of Columbia—excluding only states that already conduct universal vote-by-mail elections—that delays in processing postage might result in ballots being uncounted.<sup>1</sup> These letters were reportedly planned even before operational changes made by newly appointed Postmaster General Louis DeJoy, changes which have resulted in significant delays in mail delivery times, even as states prepare to send and receive record numbers of mail ballots.<sup>2</sup>

American Oversight seeks records with the potential to shed light on Arizona's preparedness for the November 2020 election, including communications with USPS in anticipation of widespread use of mail ballots.

**Requested Records**

American Oversight requests that the Office of the Secretary of State promptly produce the following records:

All email communications (including emails, complete email chains, email attachments, calendar invitations, and attachments thereto) sent by (a) Secretary of State Katie Hobbs, or anyone communicating on her behalf, such as a scheduler or assistant, or Election Services Director Sambo "Bo" Dul, or anyone

communicating on her behalf, such as a scheduler or assistant, to (b) anyone with an email address ending in @usps.com or @usps.gov.

Please provide all responsive records from June 1, 2020, to the date the search is conducted.

American Oversight has limited its request to sent messages to reduce the volume of potentially responsive records. American Oversight still requests complete email chains. So, for example, if a government official sent a response to an incoming message from one of the email domains listed above, the email chain containing the initially received message and the response is responsive to this request.

### **Statement of Noncommercial Purpose**

This request is made for noncommercial purposes. American Oversight seeks records regarding the Office of the Arizona Secretary of State's communications with the United States Postal Service in advance of an election in which record numbers of voters are expected to cast ballots by mail. The administration of elections during a global pandemic is of public interest in Arizona and nationwide.<sup>3</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether and to what extent the Office of the Secretary of State has prepared for logistical challenges particular to the state of Arizona.

Because American Oversight is a 501(c)(3) nonprofit, this request is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>4</sup>

Because this request is made for noncommercial purposes, American Oversight requests that any fees charged in connection with processing this request be limited to copying and

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- If any records are withheld in full or in part, pursuant to A.R.S. § 39-121.01(D)(2), please provide an index of records or categories of records that have been withheld and the reasons the records or categories of records have been withheld.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

### **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact
