Re: Freedom of Information Act Request

Dear FOIA Officers:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agencies, American Oversight makes the following request for records.

On September 4, 2020, the Office of Management and Budget (OMB) issued a memorandum at the behest of President Trump directing federal agencies to cease sensitivity and diversity trainings, which it identified as “divisive, un-American propaganda training sessions,” and to identify all contracts or agency spending associated with such training.¹ Through an executive order issued September 22, 2020,

¹ Office of Mgmt. & Budget, Exec. Office of the President, Memorandum for the Heads of Executive Departments & Independent Agencies, “Training in the Federal Government,” M-20-34 (Sept. 4, 2020), <https://www.whitehouse.gov/wp-content/uploads/2020/09/M-20-34.pdf>.

the president expanded this prohibition to include federal contractors and grantees,² and subsequent OMB guidance has prescribed retaliatory measures for noncompliance.³

American Oversight seeks records with the potential to shed light on how federal agencies are implementing the cessation of certain diversity and inclusivity trainings.

Requested Records

American Oversight requests that your agency produce the following records within twenty business days:

All orders, directives, guidance, or memoranda (including informal direction distributed to your agency's officers, agents, members, contractors, or grantees) regarding the implementation of OMB guidance banning specific diversity and inclusion trainings (M-20-34 and M-20-37) and President Trump's executive order on "Combating Race and Sex Stereotyping" (EO-13950).

Examples of records that are responsive to this request include, but are not limited to:

- i. Guidance for identifying which programs or contracts qualify as "divisive" as specified in section 4 of the executive order;
- ii. Records memorializing the termination of contracts as a consequence of this executive order or related guidance;
- iii. Instructions to employees regarding reporting trainings or contracts which violate the executive order and related guidance, including specific email addresses for this purpose;⁴
- iv. Instructions regarding retaliatory measures for noncompliance;
- v. Records sufficient to identify which senior political appointee⁵ or appointees will be tasked with reviewing and approving agency

expenditures on employee diversity and inclusivity training.

Please provide all responsive records from September 4, 2020, through the date the search is conducted.

Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."⁶ The public has a significant interest in the implementation of President Trump's executive order banning certain diversity and inclusivity trainings for federal employees, contractors, and grantees.⁷ Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including how agencies are evaluating which programs or contracts fit the criteria outlined in the executive order and any protocols for programs deemed noncompliant. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.⁸ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.¹⁶ It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.¹⁷
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,¹⁸ and many

agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive.
