In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by the named officials. To be clear, however, American Oversight still requests that complete email chains be produced,
displaying both sent and received messages. This means that both a custodian’s 
response to an email and the initial received message are responsive to this 
request and should be produced.

Please provide all responsive records from October 27, 2020, through the date 
the search is conducted.

In addition, American Oversight insists that your office use the most up-to-date 
technologies to search for responsive information and take steps to ensure that the most 
complete repositories of information are searched. American Oversight is available to 
work with you to craft appropriate search terms. **However, custodian searches are 
still required; governmental authorities may not have direct access to files stored 
in .PST files, outside of network drives, in paper format, or in personal email accounts.**

Please search all records regarding official business. **You may not exclude searches of 
files or emails in the personal custody of your officials, such as personal email accounts.** Emails conducting government business sent or received on the personal 
account of a governmental authority’s officer or employee constitutes a record for 
purposes of the Texas Public Information Act.¹

In the event some portions of the requested records are properly exempt from 
disclosure, please disclose any reasonably segregable non-exempt portions of the 
requested records. If it is your position that a document contains non-exempt segments, 
but that those non-exempt segments are so dispersed throughout the document as to 
make segregation impossible, please state what portion of the document is non-exempt, 
and how the material is dispersed throughout the document. If a request is denied in 
whole, please state specifically that it is not reasonable to segregate portions of the 
record for release.

Please take appropriate steps to ensure that records responsive to this request are not 
deleted by your office before the completion of processing for this request. If records 
potentially responsive to this request are likely to be located on systems where they are 
subject to potential deletion, including on a scheduled basis, please take steps to prevent 
that deletion, including, as appropriate, by instituting a litigation hold on those records. 
To ensure that this request is properly construed, that searches are conducted in an 
adequate but efficient manner, and that extraneous costs are not incurred, American 
Oversight welcomes an opportunity to discuss its request with you before you 
undertake your search or incur search or duplication costs. By working together at the 
outset, American Oversight and your office can decrease the likelihood of costly and 
time-consuming litigation in the future.

Where possible, please provide responsive material in electronic format by email or in 
PDF or TIF format on a USB drive. Please send any responsive material being sent by 
mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC

2015).
20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

**Fee Waiver Request**

In accordance with Tex. Code § 552.267(a), American Oversight requests a waiver of fees associated with processing this request for records because such a waiver “is in the public interest because providing the copy of the information primarily benefits the general public.” The requested records are directly related to the work of state officials, with the potential to shed light on the Attorney General’s communications with groups engaged in purported election integrity efforts. Voting rights and election administration are of substantial public interest both in Texas and nationwide. Accordingly, release of records that may help the public understand the operations and activities of state officials is in the public interest.

Release of the requested records will primarily benefit the public.² As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the requested records is not in American Oversight’s financial interest but is rather in the public interest. American Oversight is committed to transparency and makes the responses governmental authorities provide to public records requests publicly available. As noted, the subject of this request is a matter of public interest, and the public would benefit from an enhanced understanding of the government’s activities through American Oversight’s analysis and publication of these records. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.³

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through numerous substantive analyses posted to its website.⁴ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to the organization’s State Accountability Project covering voting rights issues in various states;⁵ the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated

regarding the Department’s process for issuing such waivers; posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal; posting records regarding potential self-dealing at the Department of Housing & Urban Development and related analysis; posting records and analysis relating to the federal government’s efforts to sell nuclear technology to Saudi Arabia; and posting records and analysis regarding the Department of Justice’s decision in response to demands from Congress to direct a U.S. Attorney to undertake a wide-ranging review and make recommendations regarding criminal investigations relating to the President’s political opponents and allegations of misconduct by the Department of Justice itself and the Federal Bureau of Investigation.

Accordingly, American Oversight qualifies for a fee waiver. If your office denies our request for a fee waiver, please notify American Oversight of any anticipated fees or costs in excess of $40 prior to incurring such costs or fees.

**Conclusion**

We share a common mission to promote transparency in government. American Oversight looks forward to working with your agency on this request. If you do not understand any part of this request, please contact Kahlilia Shaw at records@americanoversight.org or (202) 539-6507. Also, if American Oversight’s request for a fee waiver is not granted in full, please contact us immediately upon making such a determination.
