**Re: Freedom of Information Act Request**

Dear Ms. Kozanas,

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, 6 C.F.R. Part 5, American Oversight makes the following request for records.

After a federal judge ruled that Chad Wolf was not legally serving as Acting Secretary of Homeland Security when he signed rules limiting applications and renewals for the Deferred Action for Childhood Arrivals (DACA) program,<sup>1</sup> the Department of Homeland Security (DHS) attempted to correct its line of succession by having Pete Gaynor, the Senate-confirmed Federal Emergency Management Agency (FEMA) Administrator, temporarily exercise the authority of Acting Secretary of Homeland Security to reissue the order of succession.<sup>2</sup> Mr. Wolf then reissued all his actions taken since November 13, 2019 and some taken by Previous Acting Secretary, Kevin McAleenan.<sup>3</sup>

American Oversight seeks records with the potential to reflect on the actions re-issued by Acting Secretary Chad Wolf.

## **Requested Records**

American Oversight requests that DHS produce the following records within twenty business days:

All formal letters, memoranda, and orders written or signed by Acting Secretary Chad Wolf from November 15, 2020, through November 18, 2020.

Records related to any actions ratified by Acting Secretary Wolf—including his own as well as certain actions taken by former Acting Secretary McAleenan—as described in DHS' November 17, 2020 press release, are responsive to this request and should be produced.<sup>4</sup>

Given that this request is limited to specific, recent, high-profile, and readily identifiable documents, American Oversight expects that this request can be processed on the Simple processing track and result in a swift response from DHS.

## **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."<sup>5</sup> The public has a significant interest in orders issued by an acting Secretary whose appointment courts have deemed unlawful. Records with the potential to shed light on this issue would contribute significantly to public understanding of operations of the federal government, including what policies acting Secretary Wolf reissued. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

<sup>4</sup> See *supra* note 3, "After Mr. Gaynor signed the November 14, 2020 order, out of an abundance of caution and to minimize any disruption to the Department and the Administration's Homeland Security mission, Acting Secretary Wolf ratified any and all of his own actions taken since November 13, 2019, as well as certain actions taken by former Acting Secretary McAleenan."

<sup>5</sup> 5 U.S.C. § 552(a)(4)(A)(iii).

This request is primarily and fundamentally for non-commercial purposes.<sup>6</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>7</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.<sup>8</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to the Trump Administration's contacts with Ukraine and analyses of those contacts;<sup>9</sup> posting records and editorial content about the federal government's response to the Coronavirus pandemic;<sup>10</sup> posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;<sup>11</sup> the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>14</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>15</sup>
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>16</sup> and many

agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

### **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
