**Re: Freedom of Information Act Request**

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, American Oversight makes the following request for records.

On January 6, 2021, a crowd attacked the U.S. Capitol building to stop the certification of the electoral college votes. Several members of the Cabinet released statements condemning the attack or resigned in protest.<sup>1</sup>

American Oversight requests records to better understand the actions cabinet officials took during the day of the attack.

### **Requested Records**

American Oversight requests that your agency produce the following records within twenty business days:

#### **Department of the Treasury**

1. All email communications (including emails, complete email chains, email attachments, calendar invitations, and calendar invitation attachments) sent by former Treasury Secretary Steven Mnuchin on January 6, 2021.

In an effort to accommodate the Treasury Department and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by former Secretary Mnuchin. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Secretary Mnuchin's response to an email and the initial received message are responsive to this request and should be produced.

2. All text messages or messages on messaging applications similar in form to text messages (such as Signal, WhatsApp, Facebook Messenger, Twitter DMs, etc.) sent or received by former Treasury Secretary Steven Mnuchin on January 6, 2021.

#### **Department of State**

1. All email communications (including emails, complete email chains, email attachments, calendar invitations, and calendar invitation attachments) sent by former Secretary of State Mike Pompeo on January 6, 2021.

In an effort to accommodate the State Department and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by former Secretary Pompeo.

2. All text messages or messages on messaging applications similar in form to text messages (such as Signal, WhatsApp, Facebook Messenger, Twitter DMs, etc.) sent or received by former Secretary of State Mike Pompeo on January 6, 2021.
3. All email communications (email messages, email attachments, calendar invitations, or attachments thereto) on January 6, 2021, between any personal email account associated with former Secretary of State Mike Pompeo and the following State Department officials:
  - a. T. Ulrich Brechbuhl
  - b. Brian Bulatao
  - c. Toni Porter
  - d. Mary Kissel
  - e. Lisa Kenna
  - f. Cam Henderson

#### U.S. Agency for Global Media

1. All email communications (including emails, complete email chains, email attachments, calendar invitations, and calendar invitation attachments) sent by former USAGM CEO Michael Pack on January 6, 2021.

In an effort to accommodate USAGM and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by former CEO Michael Pack. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both CEO Michael Pack's response to an email and the initial received message are responsive to this request and should be produced.

2. All text messages or messages on messaging applications similar in form to text messages (such as Signal, WhatsApp, Facebook Messenger, Twitter DMs, etc.) sent or received by former USAGM CEO Michael Pack on January 6, 2021.

#### National Aeronautics and Space Administration

1. All email communications (including emails, complete email chains, email attachments, calendar invitations, and calendar invitation attachments) sent by former NASA Administrator Jim Bridenstine on January 6, 2021.

In an effort to accommodate NASA and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by former Director Jim Bridenstine. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Jim Bridenstine's response to an email and the initial received message are responsive to this request and should be produced.

2. All text messages or messages on messaging applications similar in form to text messages (such as Signal, WhatsApp, Facebook Messenger, Twitter DMs, etc.) sent or received by former Treasury Secretary Jim Bridenstine on January 6, 2021.

### **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency's regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is "in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government."<sup>2</sup> The public has a significant interest in the actions and communications of cabinet officials on the day a riot occurred at the capitol, as evidenced by the news coverage concerning their actions.<sup>3</sup> Records with the potential to shed light on this issue would contribute significantly to public understanding of operations of the federal government, including helping the public better understand how cabinet officials may have tried to stem further violence. These communications would better help the public better understand the context and circumstances surrounding agency officials' responses to the events of January 6. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>4</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight

also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>5</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.<sup>6</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to the Trump Administration's contacts with Ukraine and analyses of those contacts;<sup>7</sup> posting records and editorial content about the federal government's response to the Coronavirus pandemic;<sup>8</sup> posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;<sup>9</sup> the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers;<sup>10</sup> and posting records and analysis of federal officials' use of taxpayer dollars to charter private aircraft or use government planes for unofficial business.<sup>11</sup>

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>12</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>13</sup>
- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>14</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably

likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

## **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

We share a common mission to promote transparency in government. American Oversight looks forward to working with your agency on this request. If you do not understand any part of this request, please contact Mehreen Rasheed at [foia@americanoversight.org](mailto:foia@americanoversight.org) or (202) 848-1320.
