In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by the officials listed above. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both Attorney General Landry's response to an email from one of the external entities listed above and the initial received message are responsive to this request and should be produced.

### **Fee Waiver Request**

In accordance with La. Rev. Stat. Ann. 44:32(C)(2), American Oversight requests a waiver of fees associated with processing this request for records. A waiver of fees for this request is appropriate, because American Oversight's use of the requested records "will be limited to a public purpose."<sup>1</sup>

<sup>1</sup> La. Rev. Stat. Ann. § 44:32(C)(2).

This request is made solely for a public purpose.<sup>2</sup> The public has a significant interest in interactions Attorney General Landry or Solicitor General Murrill may have had with representatives of the energy industry and the extent to which those interactions may have affected actions by the Attorney General's Office.<sup>3</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether Attorney General Landry is undertaking official actions to benefit Louisianians or outside interests. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

Furthermore, this request is fundamentally made for non-commercial purposes. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight's financial interest. American Oversight's mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>4</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.<sup>5</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and analysis related to the organization's investigations into misconduct and corruption in state governments;<sup>6</sup> posting records and analysis of federal and state governments'

- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

### **Conclusion**

American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs.
