**Re: Freedom of Information Act Request**

Dear FOIA Officer:

Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and the implementing regulations of your agency, 28 C.F.R. Part 16, American Oversight makes the following request for records.

A June 30, 2021 letter from the Federal Bureau of Investigation (FBI) addressed to Senators Whitehouse and Coons indicates that the supplemental background investigation of then- Supreme Court Justice nominee, Judge Brett Kavanaugh—which took place from roughly September 13, 2018, to October 4, 2018—included interviews with only 10 potential witnesses despite the Bureau receiving over 4,500 tips connected to the investigation. Several members of Congress have criticized FBI’s handling of the tip line used during the investigation.<sup>1</sup>

American Oversight seeks records concerning FBI’s tip line established as part of the Bureau’s supplemental background investigation of Brett Kavanaugh.

## **Requested Records**

American Oversight requests that the FBI, Office of the Attorney General (OAG), Office of the Deputy Attorney General (ODAG), and Office of Legal Policy (OLP) produce the following records within twenty business days:

A copy of the “March 2010 memorandum of understanding (MOU) between the Department of Justice and the White House” referenced in FBI Assistant Director Tyson’s June 30, 2021 letter to Senators Whitehouse and Coons<sup>2</sup> that specifies “the standard process” used by the FBI to conduct background investigations of individuals nominated for positions requiring Senate confirmation.

## **Fee Waiver Request**

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii) and your agency’s regulations, American Oversight requests a waiver of fees associated with processing this request for records. The subject of this request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding of operations or activities of the government.”<sup>3</sup> The public has a significant interest in FBI’s investigation of alleged serious sexual misconduct committed by a then-nominee to serve on the Supreme Court.<sup>4</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the federal government, including whether FBI conducted a thorough supplemental background investigation of allegations against a nominee to serve a lifetime appointment on the highest court in the country. American Oversight is committed to transparency and makes the responses agencies provide to FOIA requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.<sup>5</sup> As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the

Accordingly, American Oversight qualifies for a fee waiver.

### **Guidance Regarding the Search & Processing of Requested Records**

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Federal Records Act and FOIA.<sup>13</sup> It is not adequate to rely on policies and procedures that require officials to move such information to official systems

within a certain period of time; American Oversight has a right to records contained in those files even if material has not yet been moved to official systems or if officials have, by intent or through negligence, failed to meet their obligations.<sup>14</sup>

- Please use all tools available to your agency to conduct a complete and efficient search for potentially responsive records. Agencies are subject to government-wide requirements to manage agency information electronically,<sup>15</sup> and many agencies have adopted the National Archives and Records Administration (NARA) Capstone program, or similar policies. These systems provide options for searching emails and other electronic records in a manner that is reasonably likely to be more complete than just searching individual custodian files. For example, a custodian may have deleted a responsive email from his or her email program, but your agency's archiving tools may capture that email under Capstone. At the same time, custodian searches are still necessary; agencies may not have direct access to files stored in .PST files, outside of network drives, in paper format, or in personal email accounts.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

## **Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American
