**Re: Public Records Law Request**

Dear Records Custodian:

Pursuant to the Louisiana Public Records Law, La. Rev. Stat. Ann. 44:1 et seq., American Oversight makes the following request for records.

**Requested Records**

American Oversight requests that the Louisiana Secretary of State produce the following records within three business days:

Records sufficient to identify the information described in parts a–e (below) regarding ballots submitted during the 2020 general election by voters who signed affidavits confirming their identity (in lieu of directly presenting identification):

- a. The total number of ballots.
- b. The county and precinct in which each ballot was submitted.
- c. The final disposition (accepted or rejected) of each ballot.
- d. The grounds for any ballot rejection.
- e. The age, race, and political party affiliation of each voter who submitted a ballot.

To the extent that responsive information is aggregated and maintained in a database or spreadsheet, we request a printout from the database containing the information identified and described above (regardless of the actual title of the field). American Oversight does not object to the redaction of the names, addresses, phone numbers, or voter verification numbers of any voters listed in records responsive to these requests.

**Fee Waiver Request**

In accordance with La. Rev. Stat. Ann. 44:32(C)(2), American Oversight requests a waiver of fees associated with processing this request for records. A waiver of fees for

this request is appropriate, because American Oversight’s use of the requested records “will be limited to a public purpose.”<sup>1</sup>

This request is made solely for a public purpose.<sup>2</sup> The public has a significant interest in Louisiana’s election procedures.<sup>3</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether ballots submitted by voters using alternative identification methods are rejected at a higher rate than those submitted by voters using traditional identification methods. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

Furthermore, this request is fundamentally made for non-commercial purposes. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>4</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.<sup>5</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and analysis related to the organization’s investigations into misconduct and corruption in state governments,<sup>6</sup> posting records and analysis of federal and state governments’

To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
