Re: Public Records Law Request

Dear Representative Brandtjen:

Pursuant to Wisconsin’s public records law, Wis. Stat. §§ 19.31–19.39, American Oversight makes the following request for copies of records.

Public records obtained by American Oversight include correspondence between Representative Janel Brandtjen and a nationwide network of donors, activists, attorneys, and candidates for elected office, “whose goal is completing a cyber forensic audit in their state,” according to a calendar invitation received by Representative Brandtjen.¹ The many other invitees on the call included John Eastman, Lin Wood, and former national security advisor Mike Flynn, all of whom have supported the false narrative that the November 2020 election was corrupted by systemic fraud and that former President Trump in fact won the election.²

American Oversight seeks records with the potential to shed light on the extent to which Wisconsin legislators have communicated with entities seeking to undermine faith in elections.

The public has a significant interest in actions taken by the Wisconsin legislature to investigate the November 2020 election.\textsuperscript{7} Records with the potential to shed light on this matter would contribute significantly to public understanding of the government, including whether or to what extent legislators have communicated with external entities seeking to exert influence over any such investigations. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

American Oversight asks that if its request for a fee waiver is denied in whole or in part, that you contact us prior to incurring any costs.

**Guidance Regarding the Search & Processing of Requested Records**

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term “record” in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. No category of material should be omitted from search, collection, and production.

Please search all locations and systems likely to have responsive records regarding official business. You may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts. In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

**Conclusion**

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
