Re: Right-to-Know Law Request

Dear Open Records Officer:

Pursuant to the Right-to-Know Law (RTKL), as codified at 65 P.S. §§ 67.101 et seq., American Oversight makes the following request for records.

Following the November 2020 election, a number of county officials received communications from Pennsylvania legislators regarding unofficial election “audits.”¹

American Oversight seeks records with the potential to shed light on post-election reviews or investigations in Pennsylvania, including whether or to what extent such reviews or investigations were discussed between county officials and legislators.

Requested Records

American Oversight requests that your office produce the following records within five business days:

All records reflecting communications (including emails, email attachments, text messages, messages on messaging platforms (such as Slack, GChat or Google Hangouts, Lync, Skype, or WhatsApp), telephone call logs, calendar invitations, calendar entries, meeting notices, meeting agendas, informational material, talking points, any handwritten or electronic notes taken during any oral communications, summaries of any oral communications, or other materials) sent or received by Jefferson County Commissioners Jack Matson and/or Herbert Bullers Jr. regarding attempts by the Pennsylvania legislature or its agents to conduct inquiries or investigations into the November 2020 elections. This request should be interpreted to include, but not be limited to, records reflecting:

1. Communications with any members or agents of the Pennsylvania legislature regarding requests to conduct “audits,” inspections, or other investigations of the November 2020 election
2. Communications with Allied Security Operations Group, Wake Technology Services, Defending the Republic, Envoy Sage, or any other individual or entity affiliated with any proposed examination
3. Communications with other county officials regarding proposed or actual examinations, including regarding: the conduct of the county’s elections; the costs or feasibility of the proposed examination; implications for the county’s voting machine contracts; or the legal authority of the Pennsylvania legislature to conduct an investigation
4. Communications regarding any allegations of fraud, irregularities, or issues with voting software or equipment, in Jefferson County or elsewhere
5. Communications regarding the implications of any examinations or their findings, including but not limited to legal challenges to or decertification of the November 2020 presidential election

Please provide all responsive records from November 3, 2020, through April 30, 2021.

Please note that American Oversight does not seek, and that this request specifically excludes, communications between the listed officials and Jefferson residents regarding the November 2020 election, whether the initial constituent communication or the official’s response. However, if one of the listed officials forwarded that message to another individual with their own commentary, that subsequent message would be responsive to this request and should be produced.

Please also note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications forwarding such emails are responsive to this request. In other words, for example, if one of the listed officials received a mass-distribution email from a Pennsylvania senator, that initial email would not be responsive to this request. However, if one of the listed officials forwarded that email to another individual with their own commentary, that subsequent message would be responsive to this request and should be produced.

Fee Waiver Request

In accordance with 65 P.S. § 67.1307(f)(2), American Oversight requests a waiver of fees associated with processing this request for records, because disclosure of the requested information is “in the public interest.”

The public has a significant interest in the results and administration of the November 2020 election in Pennsylvania.² Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government,

including whether county officials were contacted by members of the Pennsylvania legislature or external entities regarding post-election reviews or investigations.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted.

To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.

- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to the Right-to-Know Law.⁹
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records under 65 P.S. § 67.706. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.
