Re: Sunshine Law Request

Dear Custodian of Records:

Pursuant to the Missouri Sunshine Law, Mo. Rev. Stat. §§ 610.010 *et seq.*, American Oversight makes the following request for records.

Requested Records

American Oversight requests that your office produce copies of the following records within three business days:

1. Records sufficient to identify the names¹ and job titles of each Office of the Attorney General employee (a) temporarily or permanently assigned to cases concerning mask mandates or (b) temporarily or permanently working in support of those employees assigned to cases concerning mask mandates.
2. Records sufficient to identify the total number of pending cases concerning mask mandates.
3. Records sufficient to identify the total number of resolved cases (including, but not limited to, cases resulting in a finding of guilt or liability, cases resolved by plea or stipulation, or dismissed cases) concerning mask mandates.
4. Records sufficient to identify all costs and expenses incurred for cases concerning mask mandates, including but not limited to legal billing statements.

¹ In lieu of names of individual employees, American Oversight would also accept records sufficient to identify the total number of employees assigned to cases concerning mask mandates.

Please provide all responsive records for each month from July 2021 through January 2022. (*i.e.*, July 2021, August 2021, September 2021, October 2021, November 2021, December 2021, and January 2022).

This request is not intended to encompass, and specifically excludes, the substantive legal content of material related to cases concerning mask mandates, including but not limited to attorney-client communication and attorney work product. To the extent responsive records contain any such material, American Oversight asks that your office redact or otherwise segregate the properly exempt portions of the requested records.

Fee Waiver Request

In accordance with Mo. Rev. Stat. § 610.026.1(1), American Oversight requests a waiver of fees associated with processing this request for records. Disclosure of the requested records is in the public interest because it will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information “is likely to contribute significantly to public understanding of the operations or activities of [a] public governmental body.”² The public has a significant interest in resources allocated by the Missouri Office of the Attorney General’s office to pursue legal challenges to mask mandates. Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including the extent of resources the Office of the Attorney General is allocating toward defeating mask mandates. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.³ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁴

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁵ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and analysis related to the organization’s investigations into misconduct and corruption in state governments;⁶ posting records and analysis of federal and state governments’ responses to the Coronavirus pandemic;⁷ posting records received as part of American Oversight’s “Audit the Wall” project to gather and analyze information related to the Trump administration’s proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;⁸ and the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department’s process for issuing such waivers.⁹

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records.¹⁰ If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a
