Re: Public Records Law Request

Dear Office of Special Counsel and Michael Gableman

Pursuant to Wisconsin's public records law, Wis. Stat. §§ 19.31–19.39, American Oversight makes the following request for copies of records.

On May 26, 2021, Wisconsin State Assembly Speaker Robin Vos indicated that the legislature would hire three former law enforcement officers and a supervising attorney to investigate the November 2020 election.¹ Since the time of this announcement, Speaker Vos has expanded the scope of the investigation, appointing former Wisconsin Supreme Court justice Michael Gableman as “special counsel,” and gaining Assembly committee approval to form an Office of Special Counsel (OSC) and to spend at least \$676,000 in public funds, including budgeting for five investigators and \$325,000 for a data analysis contractor.² Recently released information and records have revealed that Gableman and the OSC's investigators have engaged with entities involved in efforts to prevent the certification of the November 2020 election results³ and spent public funds

Please note that for both Parts A & B of this request, American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications forwarding such emails are responsive to this request. In other words, for example, if Michael Gableman received a mass-distribution news clip email from the Wisconsin Republican Party, that initial email would not be responsive to this request. However, if he forwarded that email to another individual with his own commentary, that subsequent message would be responsive to this request and should be produced.

This request seeks records in addition to, and not duplicative of, records previously sought by American Oversight. In all cases, responsive records include records that were “produced or collected” under any contract entered by Speaker Vos and/or the Wisconsin Assembly.⁸

Fee Waiver Request

In accordance with Wis. Stat. § 19.35(3)(e), American Oversight respectfully requests that the records be produced without charge. Providing American Oversight with a waiver of fees is in the “public interest” because American Oversight will, in accordance with its organizational mission, make the records available to the public without charge. These disclosures will likely contribute to a better understanding of relevant government procedures by the general public.

American Oversight’s work is aimed solely at serving the public interest. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. Rather, American Oversight’s mission is to serve the public by promoting transparency in

⁸ Wis. Stat. Ann. § 19.36(3) (“Each authority shall make available for inspection and copying under s. 19.35(1) any record produced or collected under a contract entered into by the authority with a person other than an authority to the same extent as if the record were maintained by the authority.”).

government, educating the public about government activities, and ensuring the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media.⁹ American Oversight also makes materials it gathers available on its public website¹⁰ and promotes their availability on social media platforms, such as Facebook and Twitter.¹¹

The public has a significant interest in the Wisconsin Assembly's investigation of the November 2020 election.¹² Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including the role of contractors in conducting the Assembly's investigation. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public's understanding of the government's activities would be enhanced through American Oversight's analysis and publication of these records.

American Oversight asks that if its request for a fee waiver is denied in whole or in part, that you contact us prior to incurring any costs.

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records.¹⁴ If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document.
