Re: Public Records Law Request

Dear Chief Clerk Blazel and Speaker Vos:

Pursuant to Wisconsin's public records law, Wis. Stat. §§ 19.31–19.39, American Oversight makes the following request for copies of records.

On May 26, 2021, Wisconsin State Assembly Speaker Robin Vos indicated that the legislature would hire three former law enforcement officers and a supervising attorney to investigate the November 2020 election.¹ Since the time of this announcement, Speaker Vos has expanded the scope of the investigation, appointing former Wisconsin Supreme Court justice Michael Gableman as “special counsel,” and gaining Assembly approval to spend at least \$676,000 in public funds.² Gableman has recently requested that public officials who refuse to sit for closed-door depositions be jailed, and Speaker Vos has indicated that he has authorized dozens more subpoenas for the investigation than have been publicly disclosed.³ While presenting the interim findings of the

investigation in a hearing of the Assembly Committee on Campaigns on March 1, 2022, Gableman recommended that the Legislature consider decertifying the November 2020 presidential election in Wisconsin and indicated that the Office of Special Counsel would continue operating in absence of a written contract extension.⁴

American Oversight seeks records with the potential to shed light on the Wisconsin Assembly's investigation of the November 2020 election, including regarding the role and activities of contractors who are performing work in furtherance of that investigation.

Requested Records

American Oversight requests that Speaker Vos and the Wisconsin Assembly produce the following records "as soon as practicable and without delay":⁵

Please provide all responsive records described below from February 1, 2022, through the date the search is conducted:

A complete copy (including any attachments) of any interim reports, analyses, notifications, or other work product produced or collected by individuals or entities under contract to investigate the November 2020 election or allegations of voter fraud or misconduct from previous elections (including but not limited to the Wisconsin Assembly's investigators, including any investigators engaged by the Office of Special Counsel, as well as overseeing attorney and Special Counsel Michael Gableman) in connection with the legislature's investigation of the November 2020 election.

This request seeks records in addition to, and not duplicative of, records previously sought by American Oversight. In all cases, responsive records include records that were "produced or collected" under any contract entered by the Speaker Vos and/or the Wisconsin Assembly.⁶

To be clear, this request seeks the records substantively described in American Oversight’s previous request identified as WI-REP-22-0111, directed to Speaker Vos and the Assembly, from the period after that request was submitted—*i.e.*, from February 1, 2022, through the date of the search. *See*

Guidance Regarding the Search & Processing of Requested Records

American Oversight seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the term "record" in its broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions. Our request includes any attachments to these records. **No category of material should be omitted from search, collection, and production.**

Please search all locations and systems likely to have responsive records regarding official business. **You may not exclude searches of files or emails in the personal custody of your officials, such as personal email accounts.** Emails conducting government business sent or received on the personal account of the authority's officer or employee constitutes a record for purposes of Wisconsin's public records laws.¹¹

In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records.¹² If it is your position that a document contains non-exempt segments, but that those non-exempt segments are so dispersed throughout the document as to make segregation impossible, please state what portion of the document is non-exempt, and how the material is dispersed throughout the document. If a request is denied in whole, please state specifically that it is not reasonable to segregate portions of the record for release.

Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
