Re: Sunshine Law Request

Dear Custodian of Records:

Pursuant to the Missouri Sunshine Law, Mo. Rev. Stat. § 610.010 *et seq.*, American Oversight makes the following request for records.

Following the release of the United States Supreme Court decision *Dobbs v. Jackson Women's Health Organization* on June 24, 2022, Missouri Attorney General Eric Schmitt issued an opinion enacting the state's abortion ban.¹

American Oversight seeks records with the potential to shed light on state health officials' assessments of abortion restrictions in Missouri.

Requested Records

American Oversight requests that your office produce copies of the following records within three business days:

All final formal or informal assessments, reports, analyses, recommendations, or guidance (including memoranda and other written products) prepared by your office or otherwise provided to your agency by other state or local offices, or independent experts, regarding any projected or actual impacts of potential or actual new state abortion restrictions affected by the U.S. Supreme Court decision in *Dobbs v. Jackson Women's Health Organization*.

Please provide all responsive records from May 17, 2021, through the date the search is conducted.

Fee Waiver Request

In accordance with Mo. Rev. Stat. § 610.026.1(1), American Oversight requests a waiver of fees associated with processing this request for records. Disclosure of the requested records is in the public interest because it will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information “is likely to contribute significantly to public understanding of the operations or activities of [a] public governmental body.”² The public has a significant interest in the projected impacts of a state abortion ban.³ Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether state health officials have identified potential public health impacts of state abortion restrictions. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.⁴ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.⁵

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.⁶ Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records and analysis related to the organization’s investigations into misconduct and corruption in state governments;⁷ posting records and analysis of federal and state governments’
