Re: Sunshine Law Request

Dear Custodian of Records:

Pursuant to the Missouri Sunshine Law, Mo. Rev. Stat. § 610.010 et seq., American Oversight makes the following request for records.

Requested Records

American Oversight requests that your office produce copies of the following records within three business days:

All email communications (including emails, email attachments, complete email chains, calendar invitations, and calendar invitation attachments) sent by Senator Sandy Crawford, or her aides Barbara Mustoe and Pam Bowman regarding potential or actual changes to the Missouri Sunshine Law or the administration of public records in Missouri, including but not limited to bills currently before the state legislature. At a minimum, the search should include communications containing any of the following suggested key terms.

Suggested Key Terms:

1. "closed record"
2. "critical incident"
3. "HB 394"
4. "internal memorandum"
5. "legislative process"
6. "public body"
7. "public business"
8. "public meeting"
9. "public record"
10. "records request"
11. Redact
12. Redaction
13. Requester
14. Retention

15. “SB 174”
16. Sunshine
17. “tip line”
18. Vexatious
19. “transitory records”

Please provide all responsive records from January 1, 2023, through the date the search is conducted.

In an effort to accommodate your office and reduce the number of potentially responsive records to be processed and produced, American Oversight has limited its request to emails sent by the listed legislators or their staff. To be clear, however, American Oversight still requests that complete email chains be produced, displaying both sent and received messages. This means, for example, that both one of the listed legislators’ responses to an email containing the key term “closed record” and the initial received message are responsive to this request and should be produced.

Fee Waiver Request

In accordance with Mo. Rev. Stat. § 610.026.1(1), American Oversight requests a waiver of fees associated with processing this request for records. Disclosure of the requested records is in the public interest because it will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

American Oversight requests a waiver of fees because disclosure of the requested information “is likely to contribute significantly to public understanding of the operations or activities of [a] public governmental body.”¹ The public has a significant interest in the administration of the Missouri Sunshine Law.² Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including regarding proposed changes to the law. American Oversight is committed to transparency and makes the responses agencies provide to public records requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes.³ As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the

Accordingly, American Oversight qualifies for a fee waiver.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records.¹⁰ If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

Conclusion

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur
