Please note that American Oversight does not seek, and that this request specifically excludes, the initial mailing of news clips or other mass-distribution emails. However, subsequent communications forwarding such emails are responsive to this request. In other words, for example, if District Attorney Chostner received a mass-distribution news clip email from an address ending

in [truethetvote.org](https://www.truethetvote.org), that initial email would not be responsive to this request. However, if he forwarded that email to another individual with his own commentary, that subsequent message would be responsive to this request and should be produced.

Please notify American Oversight of any anticipated fees or costs in excess of \$100 prior to incurring such costs or fee.

### **Fee Waiver Request**

In accordance with C.R.S. § 24-72-205(4), American Oversight requests a waiver of fees associated with processing this request for records. Disclosure of the requested records will further a “public purpose”<sup>1</sup> because it will likely contribute to a better understanding of relevant government procedures by the general public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes.

The public has a significant interest in attempts to elevate baseless allegations regarding the security of U.S. elections.<sup>2</sup> Records with the potential to shed light on this matter would contribute significantly to public understanding of operations of the government, including whether or to what extent individuals or entities advancing these allegations have been in contact with public officials in Colorado. American Oversight is committed to transparency and makes the responses agencies provide to open records requests publicly available, and the public’s understanding of the government’s activities would be enhanced through American Oversight’s analysis and publication of these records.

This request is primarily and fundamentally for non-commercial purposes. As a 501(c)(3) nonprofit, American Oversight does not have a commercial purpose and the release of the information requested is not in American Oversight’s financial interest. American Oversight’s mission is to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.<sup>3</sup>

American Oversight has also demonstrated its commitment to the public disclosure of documents and creation of editorial content through regular substantive analyses posted to its website.<sup>4</sup> Examples reflecting this commitment to the public disclosure of documents and the creation of editorial content include the posting of records related to the organization's investigations into misconduct and corruption in state governments;<sup>5</sup> posting records and analysis of federal and state governments' responses to the Coronavirus pandemic;<sup>6</sup> posting records received as part of American Oversight's "Audit the Wall" project to gather and analyze information related to the Trump administration's proposed construction of a barrier along the U.S.-Mexico border, and analyses of what those records reveal;<sup>7</sup> and the posting of records related to an ethics waiver received by a senior Department of Justice attorney and an analysis of what those records demonstrated regarding the Department's process for issuing such waivers.<sup>8</sup>

Accordingly, American Oversight qualifies for a fee waiver.

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages.
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of the requested records. If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.
- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.
